HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestical troubles, has been introduced in this country by Geo. H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by all druggists.

NOTES ON THE POULTRY SHOW

With an entry of some 350 birds and with 25 distinct varieties represented in the 73 classes judged the first of what we trust will be an annual exhibit took place in Radcliffe Park last week.

From every point of view the exhibit was a complete success. The committee adopted the most up-to-date methods and modeled the show on lines similar to all the big shows in the States. Spratt's Patent of world wide reputation did the feeding and cooping and every one who met their smiling and capable representative "Bill Bailey" (Mr. R. G. Bailey) is looking forward to next year.

Mr. J. H. Wolsieffer, of Vineland, N. J., poultry editor of the Philadelphia Record, and a judge of national reputation, passed on the birds. The competition was keen and in some classes the quality very high, as an example the S. C. R. I. Red cock bird that was placed third in open competition at Baltimore's big show was beaten here by a bird bred and raised by Mr. Snowden Thomas, of Chestertown.

The quality throughout the Reds was high and with 8 breeders represented resolved itself finally into a triangular duel between Messrs. Snowden Thomas, C. C. Ivens and John H. Moffett, with honors fairly divided though slightly in favor of Mr. Moffett.

The White Leghorns were there in both quality and numbers. The judging of this breed was the most difficult task that Mr. Wolsieffer encountered and the final placing of awards was watched with great interest. Mrs. L. S. Costelle and Mr. A. W. Granberry took the bulk of the awards with Mr. J. C. Sutton, Jr. and Mrs. Harvey Stahr in the running. The cockerels of Mrs. Costelle and the hens of Mr. Granberry were exceptionally fine.

The most disappointing breed so far as numbers was concerned was the Brown Leghorns. With the fine Leghorns and the numbers of them that are raised on the Eastern Shore, this was expected to be the largest class, and it was represented by just five birds. Mr. E. W. Emory has reason to be proud of his birds and it would have taken good ones to beat them. Breeders of Brown Leghorns, wake up, just fancy only one of your number was represented.

Another breed that should have made a better showing was the Buff Plymouth Rock. The quality was there, but it all came from one yard. Where were all the advertisers of setting eggs from this breed. Mr. Bowers is to be congratulated upon winning the special for best pullet in the American breeds with his Buff Rock "Miss Hope" especially when in competition with such strong birds as the R. I. Reds were.

We want to see more Plymouth Rocks next year in all colors. Also more Wyandottes, only the White variety was on show. And where were the old stand-byes—the Dominique and Java?

The English breeds as a whole was disappointing, and the Asiatic was represented by one type of Light Brahmas.

In the Mediterraneans we have already mentioned the Brown and the White Leghorns; the Buff fetched out only two breeders. Just fancy of all the breeders of Buff Leghorns, only two.

The ducks were well represented in the number of different varieties, though the classes were small, but mention must be made of the Fawn Runners shown by Mrs. Harvey Stahr, any one interested in Runners who did not see the young drake missed a treat and it will be many a long day before they see a better bird of this variety.

It is not a day too soon to start getting ready for next year. Cull close and keep at it so that when breeding time comes you have no bad defects in your flock.

Those who didn't show this year but intend to next, will have to do some tall hustling; because they think they have better birds than they saw doesn't make them so and besides they are against competitors fortified with the practical advice of two experts (Messrs. Wolsieffer and Bailey.)

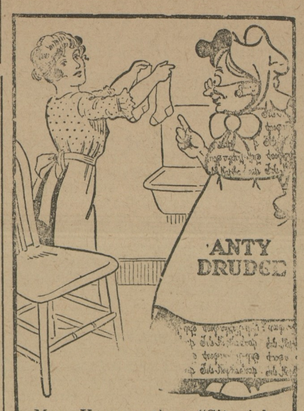

Those successful this year and expecting to be equally so next, had better not be too confident, there are lots of good birds on the Eastern Shore. And finally all those interested in poultry, please keep in touch with the Poulty Committee.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

Mrs. Youngmother—"Sit right down, Anty. I'm all through but rinsing out baby's little socks and shirts. They've been soaking with Fels-Naptha Soap, so I won't have to rub them or anything. I don't know how I'd get along without Fels-Naptha. It not only does the hard part of my work, but I feel so comfortable about using it for baby's things—it's so good. And the house keeps so nice and cool, too, because I don't need a hot fire when I can use cool water."

With Fels-Naptha Soap your work is done with no waste of strength, with half the trouble in half the time. You don't need hot water, because Fels-Naptha works best in cool or lukewarm water. Clothes washed with Fels-Naptha do not need hard rubbing nor boiling; are sweeter, cleaner and whiter than ever before, and even a big wash can be done in half a day. Use it for all your housework.

Buy it by the carton or box. Easy directions are on the Red and Green Wrapper.
