5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—MRS. HAYWARD SOWERS, Hodgdon, Me.

2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—MRS. ROSA SIMS, 16 Winona St., Charlotte, N. C.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—MRS. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 7305 Madison Av., Cleveland, O.

An Interesting Case To Farmers And Threshermen.

A case of great interest to farmers and traction engine men was heard before Magistrate L. O. Cameron on Thursday. It was the case of the State of Maryland vs. Samuel and Christopher Devonshier. The defendants were charged with running their traction engine on the State Road between Calvert and Rising Sun, contrary to Ch. 374, Acts of 1912. Patrolman Granville C. Barrett reported the defendants and swore that their engine had dug holes in the road from a half inch to an inch deep. His testimony was corroborated by a Mr. Edwards, his assistant. These were the only witnesses for the prosecution. On the other hand the defendants themselves, while confessing to have run their engine on the stone road, swore that they could see no evidence of any damage done thereby to the road bed. They were sustained in this contention by a large number of witnesses from the neighborhood, among whom were Messrs. Webster White, Joseph Gifford, John Clayton, Edward Smith, William Gibson, Leroy England, Chas. Hanson and George Hamilton.

The law does not forbid traction engines on the State Roads. It only provides for a fine where they do "unusual damage" to said roads or may do such damage. Messrs. Thackery and Clayton, counsel for defendants, contended for the defense that a great number of reputable citizens and tax-payers had sworn that no such damage had been done and the fact that the engine had not done any damage was the best proof in the world that its construction was not likely to do any damage. Messrs. H. L. Constable and W. T. Warburton, counsel for the prosecution, thought otherwise. Magistrate Cameron said he could not see his way clear to convicting men under a law drawn in such uncertain and ill-defined terms; that traction engines were necessary to work of the farmers; and that in the face of the overwhelming testimony to the fact that the engine had not caused the read any serious damage, he felt called on to acquit the defendants. Counsel for the prosecution at once took an appeal to Court.—Cecil Whig.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease

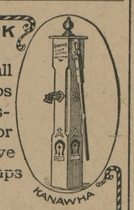

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.

Dr. Kilmer & Co., Binghamton, N.Y., who prepare Dr. Kilmer's Swamp-Root, the well-known kidney, liver and bladder remedy, claim that judging from evidence received from druggists everywhere, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonial letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused by kidney and bladder troubles Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They have on file many sworn statements of recoverics of the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healin influence is soon noticed in most cases.

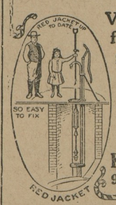

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co. advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c, and $1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention the KENT NEWS.
