### Freezing a Patient to Cure Him of of Consumption.

Freezing of living persons is the somewhat heroic remedy proposed by the Russian scientist Bachmetieff, for the Koch bacillus is killed at 6 deg. Cent. below freezing point, it being the cause of tuberculosis, so that by congealing the person affected with the disease the microbes are all killed. Then he brings back the subject to life by a very gradual re-heating. He has already succeeded in applying his method to various animals such as the rat and other by producing artificial respiration in them at the same time that the freezing process is going on, and he thus produces suspension of life by cold which is of great interest to science and may also prove of much utility. Freezing of cattle in Winter would thus preserve them without food, and they could also be transported over great distances when in this state. Many other applications of the idea can be imagined. Of course, the method has not as yet been applied to the larger animals nor to living persons, but in principle this does not appear to be impossible, and it now remains to be proved whether a human being can be actually frozen and then brought back to life

## LIFE INSURANCE COMPANIES

### They Are Closely Observing Public Health Conditions.

An examining physician for one of th prominent Life Insurance Companies in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.

Dr. Kilmer & Co., Binghamton, N.Y., who prepare Dr. Kilmer's Swamp-Root, the well-known kidney, liver and bladder remedy, claim that judging from evidence received from druggisas everywhere, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonial letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused by kidney and bladder troubles. Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They have on file many sworn statements of recoverics of the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healin influence is soon noticed in most cases.

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co. advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c, and $1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention the KENT NEWS.

MARION DORSEY
versus
ARMOR DORSEY.

In the Circuit Court for Kent County, in Equity. No. 1888.

THE object of this suit is to procure a decree for divorce "a vinculo matrimonii" in favor of Marian Dorsey and against Armor Dorsey.

The Bill of Complaint states that for more than three years last past Marian Dorsey has been and still continues to be a resident of Kent county, Maryland. That on or about the 9th day of April, in the year nineteen hundred and seven, she was married to Armor Dorsey, and he deserted her on December 5th, 1909; that three children have been born as a result of said marriage, Florence O. Dorsey, aged seven years, Albert S. Dorsey, age five years, and William A. Dorsey, age four years; that though the conduct of the said Marian Dorsey toward her husband, Armor Dorsey, has always been kind, affectionate and above reproach, he the said Armor Dorsey has, without any just cause or reason, abandoned and deserted her, and has declared his intention to live with her no longer, and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

That the defendant, Armor Dorsey, is a non-resident of the State of Maryland, and now resides in Philadelphia, Pennsylvania.

It is thereupon this 9th day of September, A. D. 1914, ordered by the Circuit Court for Kent county in Equity, that the Complainant, by causing a copy of this order to be inserted in some newspaper published in said Kent county once in each of four successive weeks before the 11th day of October, A. D. 1913, giving notice to the said non-resident defendant, Armor Dorsey, of the object and substance of this Bill and warning him to appear in this Court, either in person or by solicitor, on or before the 29th day of October, A. D. 1914, to show cause, if any he has, why a decree ought not to be passed as prayed.
