THROWN OUT OF AUTO.

Machine Skidded And Centreville Youth Was Precipitated Upon Stone Road Near Church Hill.

William McKenney, Jr., son of Mr. and Mrs William McKenney, Centreville, suffered painful injuries Sunday evening week, when he was thrown out of an automobile which skidded on the state road, between Church Hill and Chestertown. Accompanied by Messrs. Layton Holton and Robert Price, with Mr. Holton at the wheel, the trio left for Kent county. When a few miles from Chestertown, something went wrong with the steering gear and the car suddenly divad to one side of the road. The driver, in attempting to right the machine, caused the rear wheels to skid. The machine was a Ford roadster and Mr. McKenney was sitting in Mr. Price's lap. The sudden turn of the machine threw him out and he was badly cut and bruished about the face and body. He was removed to Chestertowu where a physician dressed the wounds and he was later brought to his home in Centreville. None of the wounds is considered serious, and though badly brnised and shaken up, the young man was able to be about town the early part of the week. The machine was not damaged.—Observer.

A Colorado Community Controls Hog Cholera.

The Colorada Experiment Station reports that the plan of hog cholera control adopted in the San Luis Valley has succeeded, the chief consideration being given to quarantine and disinfection. Anti-hog cholera serum was used freely, but virulent blood was not used for simultaneous vaccination. In the twelve months prior to February, 1913, fully 60 per cent. of the hogs in the San Luis Valley died of cholera and the loss was estimated at $400,000. One year later, as the result of organization, efficient veterinary supervision, and hearty cooperation, there are but two farms in the valley where cholera exists.

This method of control consists of an organization of farmers numerically strong enough to represent a majority of the best farmers in a district and financially strong enough to employ a veterinarian for at least a part of his time. Under Colorado conditions the experiment station recommends that this veterinarian be made a deputy sheriff and that he be instructed to visit every farm in the district. Where cholera is found he should have the hogs confined, move those apparently well to clean pens and administer the serum alone treatment. The sick hogs should be killed and their carcasses burned or buried deep after covering each carcass with a bushel of lime. The usual procedure should be followed in disinfecting pens, yards and utensils; quarantine signs displayed; and instructions given as how to prevent the spread of the disease. The veterinarian in charge should not only enforce the regulations, but he should so explain them as to get the hearty co-operation of every man. Where the disease is not found the veterinarian should give instructions as to how the disease may be avoided by cleanliness and care.

THE Literary Society of Chestertown High School held its regular bi-monthly meeting in the auditorium of the High School last Thursday afternoon. The delightful program was as follows: Song, America, school; president's speech, John Collins; report of rec. sec.; new or unfinished business, review of "Twelfth Night," Evelyn Russell; reading of Echo, George Clendaniel and Mollie Copper. The debate, "Resolved, that a college education is advisable for the average boy or girl," was very good. Those for the affirmative were: Zay Davis and Jean Stokes; for the negative Katherine Gilpin and Rolph Townshend. The judges, Miss Walters, Mary Wilkins and Alice Smith, decided unanimously in favor of the affirmative; instrumental solo, Helen Raisin; "Abou Ben Adhem" Skirven Startt; report of critic, Mr. Blades; the report was very favorable for the society; reading of the next meeting's programme, Rolph Townshend; 3-minute talk on "Matrimony," Prof. Creasy. The motion to adjourn was then made and seconded.

RESOLUTIONS OF RESPECT.

At a special meeting of the Official Board of Still Pond Methodist Episcopal Church held Sunday, October 11th, 1914, the following resolutions were adopted:

WHEREAS, Our Heavenly Father in His wise providence, has removed from our midst BRO. JAMES S. HARRIS, our distinguished and efficient co laborer in the Master's Vineyard; and

WHEREAS, His departure has resulted in an irreparable loss to his family, the church, and community at large; therefore be it

Resolved, That we can but feebly express our loss by his death, for his clear business conception, wise counsil, generous aid, genial companionship, and keen interest in the work made him a most valuable member of the church and its official board.

Resolved, That we tender to his sorrowing family our tribute to his personal worth and valuable service, and pray that they may find in this dark hour the light of faith, and in this great sorrow the comfort which comes from God.

F. X. MOORE, Chairman.
F. B. HARPER, Secretary.

Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the *result* of kidney or bladder disease.

If the kidneys are in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.
