FARMERS' CLUB

Interesting Meeting at the Home of Mr. E. B. Pennington.

The Still Pond Farmers' Club met at the home of Mr. E. B. Pennington on Thursday, November 5 The addresses of the host and hostess were very interesting. Mr. Pennington said he would take this opportunity to make a big speech if he possessed the ability of his wife along that line. Mrs. Pennington spoke of the fact that only a few of the old, original members are still living, and said it would be very hard for new members to fill the places left vacant.

The first question for discussion was "What are some of the wastes on a farm and how can they be avoided?" The waste of time was considered the greatest. Mr. Hepbron said the waste of machinery was very great on account of carelessness. Mr. Shafer agreed with him and said he considered the average waste of farm machinery to be about 25 per cent. of its life.

"How can a young man be helped to success on a farm?" was then discussed. The help of a good wife was considered very important, but before he gets the good wife he must be helped to get a good character when he is growing up. This should be made a part of their education, both at home and school. Self-control, economy and industry are the essentials to success.

Mr. S. S. Hepbron and Mrs. Shafer spoke of the life work of Mr. James S. Harris.

The next meeting will be held at Mr. A. L. Harris' on Thursday, Dec. 2.

Huge Cabbage.—Capt. John Jerome, of Quaker Neck, is the champion cabbage raiser of his section. He sent to Chestertown this week several of the largest and most perfect heads we have ever seen. One head weighed 14¾ lbs. and would not go in a tomato basket.

If you want to know anything about raising celery, ask Undertaker Chas. L. Dodd. He is the champion celery raiser of Chestertown. Mr. Dodd has a beautiful patch nearly a half acre in dimension. The dry season had very little effect upon it and he will have plenty for winter and a large amount to market. Of course it is also an acknowledged fact that Charlie can talk politics, too!

An outbuilding back of Mr. Thos. H. White's High street residence took fire Friday afternoon and was burned. The alarm bronght the Volunteer Company promptly to the scene. "Abe" says his fire did not cause the loss!

The Price farm, containing 190 acres, located on the stone road leading from Middletown to Warwick, has been sold to Mr. Hiram Powell, of Galena, for $20,000 Mrs. Algire purchased this farm four years ago from Richard L. and Samuel Price for $15,750.

Jimmie, the umbrella man, arrived in Chestertown Wednesday after an absence of two months. He walked from Philadelphia to this place by way of Wilmington, Centreville and other points. He says he only made $180—that if he had struck just *one* good rain he'd made double that amount! He received a letter from his sister in Ireland in which she stated that her son had gone to war and that conditions were awful. The following item published in the daily papers does not refer to Chestertown's Jimmie:

Norristown, Pa., Nov. 10.—A man who gave his name as James Smith and said he was an umbrella mender, pleaded in Norristown Police Court to be sent to jail. He said that without any rain for more than two months his business was no good, and he could not earn a livelihood. He was sent to jail for five days.

Fairlee Grange completed its arrangements for an exhibit at the Horticultural Show in Baltimore at the meeting Wednesday. Worthy Master Wm. G. Smyth, with an able corps of assistants, will go over on Monday to put the exhibit in shape. A special meeting of the Grange will be held Nov. 25th at 4 p m.

An engine is now engaged in drawing water at a depth of eighty feet from Mr. Robt. J. McWhorter's lot, in the rear of the old electric light plant, upon which an option has been secured by the Chestertown Water Board. The water is supposed to be good, but the State Health Commission, which will send a man here this week, will have to pass upon it favorably before Chestertown's water works can be situated there permanently. If this site is favorable, the main which connects the Barroll pool with the Washington avenue main will be connected with the new supply.

One of the most interesting features of the Queen Anne's Fair was the awarding of prizes to the boys of the Country Corn Club. The winners and the amount of corn grown by each follow: Kent Price, Ruthsburg, 93 bushels and 66 lbs. to acre; Medford Price, Ruthsburg, 91¼ bushels; Nelson B. Cecil, Church Hill, 70 bushels and 66 lbs.; Robert Graham, Barclay, 68 bushels and 51 lbs. The first prize was $25, the second $10, the third $10, and the trip to Baltimore given by the Rich Neck Club, and the fourth was a farming implement worth $10.

The young son of Mr. and Mrs. J. Thomas Smith, Master Earle, near town, came near being seriously injured Friday when a pair of mules, which he was hauling in corn with, ran away. Earle tried to hold them, but was jerked from the wagon, a wheel passing over one of his legs. The lad luckily escaped with some bruises.

The basement of the Methodist Episcopal Church at Centreville was damaged by fire during the services on Sunday. While the Sunday-school was being conducted by the pastor, the Rev. J.
