The Rayo Rests Your Eyes

THE bright, yet soft light of the RAYO Lamp rests your eyes as surely as a harsh white glare is injurious to them. Scientists recommend the light of an oil lamp — and the

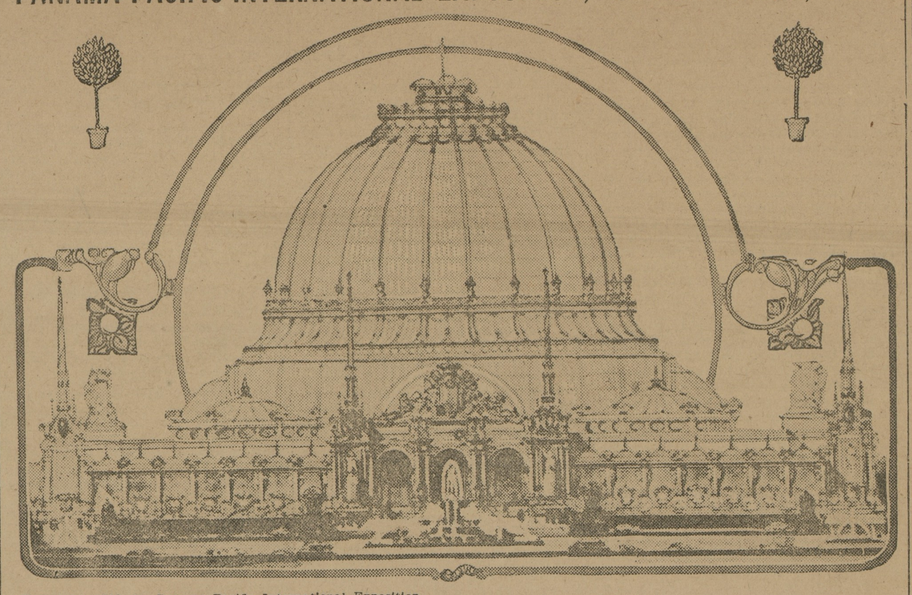

Rayo LAMP

is the best oil lamp made.

Ask your dealer to show you the Rayo. No glare, no flicker. Easy to light and care for.

THE night panoramic view of the Exposition shown above gives but a faint idea of the magnificent picture which will be presented. The wonderful electrical illumination that is planned will make not only the grounds and buildings of the Exposition as light as the bright California sunshine, but will include all the beauties of the bay and city. The progress of electrical lighting science makes possible a far more brilliant night effect than has ever been known before. In fact, scientific developments in all lines will be utilized to make the Panama-Pacific International Exposition fully one hundred per cent greater and grander than any other world exposition ever held.
