You all know what a PILOT is and if you were to go to sea you would take one with you. We have made it possible for you to take a PILOT ELECTRIC DRIVING LAMP with you when you go out at night. Fits on the buggy and looks like an auto lamp; uses ordinary dry cells and is moderate in price. Why run the risks attendant upon driving at night when you can so easily make it safe? TWO TRAINMEN KILLED IN SIMILAR MANNER

Freight Conductor William A. Sill, Brother-in-Law of John C. And Barrett Smith, of Kent, And Conductor Chas. O. Butler, Formerly of Kent, Lose Lives.

Although at widely separated points two freight conductors in the employ of the Pennsylvania Railroad Company Wednesday met death in accidents that were identical. The time, manner and circumstances of each were almost the same, and the peculiar coincidence caused local railroad men to comment on the strange occurrence.

The victims were Thomas O. Butler, aged 50 years, of 2106 Jefferson street, Wilmington, and formerly of Chestertown, and Wm. A. Sill, aged 54 years, of 614 West Sixth street, Chester, Pa., a brother-in-law of John C. and Barrett Smith, of Kent. Each was a freight conductor and each had completed twenty-five years in the service of the railroad company, by which they were employed.

Butler was killed at Harrington, while Sill was killed at Thurlow. Each was taking a manifest of a freight train of which they were to have charge and each was standing on tracks adjacent to those on which the freight was standing when light engines ran them down. Each was killed instantly.

Butler is survived by a wife, one son and one daughter. Sill is survived by a wife and one daughter. Both men were well known to the hundreds of railroad employes.

One of the sad features of the death of Mr. Butler was the fact that Mr. Harvey Boggs was on the engine that caused the accident and he was one of the men who helped to pull him out.

WHEAT UP TO $1.43

No. 2 red wheat brought $1.43 in Baltimore yesterday. These prices are not speculative, the raise being due to the tremendous foreign demand. France and Italy are doing most of the buying, although a not inconsiderable amount is going to Scandinavian ports.

While wheat is in greatest demand, corn is finding its way, the export trade in this cereal being greater than at any time since the war began.

The conclusion is reached by grain men that prices will go even higher if the war continues at any length of time. Even should peace be declared in the near future the demand will continue for an indefinite period, as the supply abroad will not be sufficient.

CORN is quoted at 80 cents.

The wind storm of Tuesday night caused the electric light service in town to be interupted for a few hours.

Windmills owned by Commissioner W. F. Melvin and Treasurer Caldwell were blown down. Several large trees were blown down in town and elsewhere, while sheds, fencing and tin roofs fared badly. A large Cow shed on Fancy Farm tenanted by Wm. T. Nicholson was blown down killing a sheep and injuring four cows.
