Bolgiano's "Greater Baltimore" Tomato

Just Doubles The Yield

Better Than Stone Ever Was

Bolgiano's "Greater Baltimore" Tomato just doubles the yield of many of the best Canning Tomatoes you have ever grown. Smooth, well-formed and deep from stem to blossom. Ripens evenly to the stem and is entirely free from ridges, cracks and blight. Unrivalled shipper, due to its solidity and firmness. Fruits in large clusters at every second joint. Joints are short and sturdy. Vigorous, compact, healthy vines. Brilliant red color, one of the handsomest tomatoes you have ever seen.

THE NEW STANDARD

"It is largely the EARLINESS and UNIFORMITY with which the plants bear a LARGE NUMBER of LARGE, SMOOTH FRUIT throughout the ripening season, that makes Bolgiano's 'Greater Baltimore' superior to Stone which has been the Standard canning variety for many years."

"During our Picking Season from July 25th to October 1st, Bolgiano's 'Greater Baltimore' yielded nearly 22 Tons Per Acre.
PROF. J. G. BOYLE,
Dept. Hort. Purdue University.
Lafayette, Indiana.

TREMENDOUS CROPS YEAR AFTER YEAR

---1913---

T. A. SNYDER PRESERVING CO., Chicago, writes: "Enter our order for Thousand (1,000) pounds 'Greater Baltimore' Tomato Seed. Bolgiano's 'Greater Baltimore' produced the largest, the most Tremendous Tomato Crop we have ever had in our lives at Fairmount, Marion and Tipton, Indiana."

---1914---

T. A. SNYDER PRESERVING CO., Chicago, writes: "We have been so busy with our Big Tomato Crops, we have neglected writing you in regard to Thousand Pound Bolgiano's 'Greater Baltimore' Seed for our 1915 crops.

"We feel satisfied you are going to have a lot of good-sized orders this year from the canners of Indiana, because they have seen our fields of 'Greater Baltimore' growing."

TWO TONS PER ACRE MORE

On January 30th, Mr. Wm. B. Plummer, of Kent Co., Md., writes as follows: "I have planted many varieties of Tomatoes, but have not found any other to do as well for me as the 'Greater Baltimore.' The past season we gathered over two tons per acre more than any other varieties. It is one of the best varieties that can be planted for canning purposes on account of firmness, standing drouth or wet weather. They are the first to ripen and continue firm and good-sized until frost."

"COUNTRIFIED"

Do they call you "countrified"?
Let it be your joy and pride,
You who love the birds and bees,
And the whispers of the trees!
Trust me, friend of flowers and grass,
Little brown faced lad or lass,
Naught in all the world beside
Equals being "countrified."

Up of morning, when the light
Reddens on the mountain height;
Hearing how the bird-throats swell
With the joy they cannot tell;
Conscious that the morning sings
Like a harp with unseen strings
Over which the breezes glide—
This is being "countrifird."

Roaming far on summer days,
Or when autumn woodlands blaze;
Learning how to catch and tell
Nature's precious secrets well;
Or, where branches interlace,
Swinging where the shadows chase
Dappled like the shy trout's side—
This is being "countrified."

What though little fit to pose
In the city's ways and clothes?
There is vastly more to love
In the brawn of nature's glove.
Health and happiness and tan
Are best fashions for a man.
All who near in God abide
Are in some way "countrified."

IN MEMORIAM.

In memory of our father, J. W. KELLEY, who died four years ago today, March 15.

We often sit and think of thee.
When we are all alone,
For memory is the only friend
That grief can call its own.

Friends may think we have forgot you,
And the bitter wound is healed.
But they little know the sorrow
That is in our hearts concealed.

Gone but not forgotten.
