AFTER SUFFERING TWO LONG YEARS

Mrs. Aselin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it we got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASELIN, 606 Fourth Avenue, Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

We know you like good, pure Ice-Cream, and you should do so

Pure Ice Cream! Has the thought ever entered your mind, while enjoying a plate of cream, under what conditions it was manufactured?

Did you ever investigate the plant in which the cream you have been in the habit of buying is made?

Do you appreciate the fact that there are different qualities of Ice Cream sold at exactly the same price that good, pure cream can be obtained for?

To produce absolutely pure, wholesome Ice Cream, the manufacturing plant and general conditions must be sanitary from the foundation. Cleanliness must be the watchword. Good material the substance. Careful and clean help in attendance.

Ice Cream is a Pure Food Product—a Wholesome Product—an Appetizing ProOuct—if you know that is manufactured under absolute cleanly conditions.

Ice Cream manufactured by the Chestertown Candy Kitchen at their establishment on the corner of High and Cross Streets, is made under strict sanitary conditions, from the best products the markets afford, and cost you no more than the inferior grades sold elsewhere.

The Chestertown Candy Kitchen solicits your business for home use. They serve the family trade as well as dispense their Pure Ice Cream and Fancy Ices in boxes or packed, Soda Waters, Fancy Sundaes, etc., at their store at High and Cross streets.

1915 CHAUTAUQUA

Avon Players Will Give Tarkington-Wilson's "Man From Home" Next Fall—Novelties On Program.

Among the assured features of the 1915 Kent County Chautauqua is the presentation of Booth Tarkington and Harry Wilson's "The Man From Home," the play in which William Hoge has starred for many seasons. From first to last this is a thoroughly patrotic American play with an appeal that has insured its success wherever it has been taken. The company who will give "The Man From Home" are said to be actors of talent and quite up to the high standard established by those who gave "Twelfth Night" last year.

The complete program for the spring circuit has been announced, and although there will be come changes in the fall roster, the list of talent the second half of the season will in all probability coincide in many cases with these earlier engagements. Numbers on the spring program that will probably be retained for the fall circuit are The Dunbar Singing Orchestra, consisting of six young ladies who give a musical program; The Haeckert-Florence Trio, and a musical play entitled "Along the Road to Tokyo," p esented by Mr. and Mrs. Michitaro Ongawa, natives of Japan. Father D. J. Cronin will probably be one of the lecturers. His talk on "The Weeds and Flowers of Literature" has won him national reputation. The McKinnie Opera Company, who have their local admirers by the score, will return for the third time. Victor's Band will also be here.

"Chronophotographs" An Innovation

There is another feature that must not be forgotten—chronophotographs. This town and its people are to be caught by the camera, and you will all have a chance to see them on the first night of Chautauqua. These pictures will be taken by Mr. W. Burton Wescott, a camera expert, who will be on hand to take view on opening of the season's joyous Chautauqua days. The chronophotographs will show some of the principal buildings and places of interest about the town, and also some views of the crowd in and about the big tent at the time of the opening ceremonies. These pictures will be developed immediately and will be shown on the screen that night. At the same time a brief reference to the wonderful possibilities of the camera will be made by Mr. Westcott. If you have never really had a chance to see yourself as others see you, just take part in the Chautauqua, and sit under the Chautauqua the opening night, and you will have this opportunity.

TRYING TO SAVE THE OAKS AT ST. PAUL'S

Some months ago the Federated Club appointed a comittee, consisting of Mrs. W. W. Beck, Miss Violet Beck, Mrs. Charles Skirven. Mrs. W. O. Selby, Mrs. James A Pearce, Mrs. W. F. Hines, Mrs. P. A. M. Brooks and Mrs. W. W. Hubbard, to look into the matter concerning the preservation of the historic oaks at old St. Paul's churchyard.

They are in need of funds to carry on this work and have sent out the following letter in order to secure the financial support necessary to complete the work. The letter is as follows:

"We are appealing to you believing that you are a friend of old St. Paul's which, as you know, is one of the oldest Episcopal parishes in Maryland.

"In this churchyard there are a number of gigantic old oak trees, and for years they have been visited and viewed with wonder and admiration by all who have ever viewed them.

"During the past year a severe storm did great damage to the giant of them all, measuring 32 feet in circumference one foot from the ground, and with a spread of branches of 128 feet in diameter. One limb of this particular tree was broken off 18 inches in diameter and 60 feet long.

"This distressed all the tree lovers in the county to such an extent they sent for Prof. Besley, Chief of the Bureau of Forestry, and he said they were the largest collection of fine old oaks he had ever seen.

"Prof. Besley said, however, that these wounds could be healed and the life of the tree prolonged indefinitely by the employment of a Tree Surgeon and his assistants.

"We want to have this restoration work done, as these trees are not only an asset of our county but of the State. Now we find it will cost several hundred dollars. We haven't money enough and are asking you to help us preserve them, feeling that you will only be too glad to aid us and will appreciate your sending to Miss Violet Beck, Lackford, Kent county, Md., yours contribution."

All who contribute sums of 25 cents or over will be sent free a handsome lithograph picture of the giant oak and of historic Old St. Paul's Church.

The following are a list of the contributors to the fund to date:

Mrs. J. K. Aldridge	Mrs. W. W. Hubbard
Mrs. W. H. Bryan	Mrs. Beauregard Lewis
Mrs. Horace W. Beck	Mr. Harry Nichols
Mr. H. H. Barroll	Mr. G. W. Nichols

Swift's Fertilizers

"It pays to use them"

One Bushel More Corn Equals $7.00 Per Ton of Fertilizer Used!

Swift customers say they get from 2 to 5 bushels more corn per acre from Swift's Fertilizers than from next best. Even one bushel more equals $7.00 per ton of Fertilizer used. Example:

CORN: 1 bushel more corn worth 70c. 1 ton Fertilizer covers 10 acres and equals $7.00 per ton of Fertilizer used.

OATS: 1 bushel more at 50c equals $5.00 per ton, using at rate of 200 lbs. per acre.
