A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

We know you like good, pure Ice-Cream, and you should do so

Pure Ice Cream! Has the thought ever entered your mind while enjoying a plate of cream under what conditions it was manufactured?

Did you ever investigate the plant in which the cream you have been in the habit of buying is made?

Do you appreciate the fact that there are different qualities of Ice Cream sold at exactly the same price that good, pure cream can be obtained for?

To produce absolutely pure, wholesome Ice Cream, the manufacturing plant and general conditions must be sanitary from the foundation. Cleanliness must be the watchword. Good material the substance. Careful and clean help in attendance.

Ice Cream is a Pure Food Product—a Wholesome Product—an Appetizing Product—if you know that is manufactured under absolute cleanly conditions.

Ice Cream manufactured by the Chestertown Candy Kitchen at their establishment on the corner of High and Cross Streets, is made under strict sanitary conditions, from the best products the markets afford, and cost you no more than the inferior grades sold elsewhere.

The Chestertown Candy Kitchen solicits your business for home use. They serve the family trade as well as dispense their Pure Ice Cream and Fancy Ices in boxes or packed. Soda Waters, Fancy Sundaes, etc., at their store at High and Cross Streets.

Milk Survey In Chestertown

Beginning on the first day of July a milk survey of the towns of Frederick, Salisbury, Kensington and Chestertown will be inaugurated by the Women's Civic League of Baltimore, in co-operation with the civic leagues of the four towns. The milk survey will be made at the request of these towns by B. A. Barlowe, a fourth year student in Hopkins Medical School, who works under the civic league in co-operation with the State Board of Health.

The milk inspector visits all the dairies within the towns surveyed and their immediate vicinity, taking the bactereological count of samples of milk from each dairy. He advises the dairyman as to the best methods of improving their milk after his examination has determined the condition of their supply. The milk survey is chiefly educationly in character and is made in such a manner that it arouses the dairyman to their greatest effort at co operation with the health authorites.

That the survey is not merely temporary in its results is evidenced by the fact that in the towns of Cambridge, Hagerstown, Bethesda and Annapolis, where similiar surveys were conducted last summer, dairymen are inviting the milk commit ees of the civic leagues to make a personal inspection of their establishments. The committees are asked to ascertain for themselves whether the employes are maintaining the revised standard of milk production set for the towns by the milk survey last summer.

The survey this season will continue through the months of July, August and September. Supplementing the work of the milk survey will be a series of lectures on efficiency in the business of management of dairy farms, to be delivered at the grange meetings throughout the State during August. The lectures are to be delivered under the auspices of the Women's Civic League by Russell Lord, a graduate of the Agricultural High School at Sparks, who has spent the last year specilizing in the Agricultural College of California.

Two Sisters Are Brides

Miss Anna B. Ross and Mr. Herbert Taylor were married at Elkton, April 24, 1915, by the Rev. S. McElmoyle, of the Presbyterian Church. After June 25th, 1915, they will be at home at 200 West St., Wilmington, Del.

The home of Mr. and Mrs. James T. Hurlock was the scene of a pretty wedding Monday evening, June 14, 1915, when their daughter, Miss Julia Ross was united in marriage to Mr. Harry Lenderman in the presence of the immediate families of the bride and groom and a few friends. The parlor was handsomely decorated with cut flowers and plants. While Miss Grace Spry played the wedding march the bridal party was met at the arch by the Rev. E. H. Collins, who performed the ceremony, using the ring. The bride was attired in white embroidered net and carried white carnations. Her sister, Miss Elizabeth, acted as bridesmaid, wore white swiss and carried pink sweet peas. The groom was attended by Mr. James Lewis. Mr. and Mrs. Lenderman will reside at 115 East 15th St, Wilmington, Del.

Mrs. Taylor and Mrs. Lenderman are the daughters of the late B. Hazell Ross and Mary C. Ross Hurlock.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1568 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.
