CAPTOR MADE CAPTIVE

Centreville Man Who Brought His Daughter to Baltimore To Asylum is Himself Declared Insane.

Under the delusion that his 19-year-old daughter was insane and having deprived her of hairpins, scissors and other articles which he believed she would employ to harm herself, Ezekiel M. Foreman kept awake all Wednesday night and sat on the front porch of his home, at Centreville, Md, to prevent the young woman from escaping.

At 6 o'clock Thursday morning he forced her to pack a traveling bag and brought her to Love Point and thence to Baltimore to have her committed to an asylum for the insane. Only a week ago he threatened to have his wife locked in an asylum, declaring that she was suffering from a mental aberration.

While the boat was on its way to Baltimore friends of the girl notified Marshal Carter of Foreman's actions, declaring that the girl was sane and that they believed that Foreman himself was mentally unbalanced.

When the boat arrived at its dock on Light street at noon, Headquarters Detective Cullison was there, and he brought Foreman and the daughter, Miss Mary E. Foreman, to police headquarters. The girl was closely questioned and showed no signs of insanity, but Foreman's irrelevant remarks led the authorities to suspect he was mentally unbalanced,

A Baltimore physician, who is a relative of the girl, was summoned and, after a conference with Marshal Carter, it was decided to have Foreman examined by two physicians to test his sanity. Dr. Duncan MacCalman, 1822 Madison avenue, and Dr. T. W. Keown, 1938 Linden avenue, examined Foreman and concluded he was insane. He was taken to the Central Police Station, where he will be held until this morning, when he will be taken to a State asylum for the insane.

Foreman, it was stated, was suffering from a mild form of mental ailment. He is not considered dangerous and it is believed a rest at the asylum under proper treatment will bring back his normal state of mind.

The Organization in Kent stands for all Legislation for County and State which has to do with the moral up-lift of the people or is to their material benefit.

BLAIR LEE'S NOMINATION A CALAMITY!

To the Editor of the Sun—

Sir: Mr. Preston tells us that M. Harrington is a bad man to whom to entrust the reins of government, because he does not make a declaration of the principles which will guide him in his relations to municipal affairs.

On the other hand, Mr. Lee is the true and only Democrat because he has accepted the offer of the city vote and declared himself for improved harbors, docks and sundry other things which will enhance Baltimore and bring her to that position in the commercial and industrial world which is justly hers—a consummation we all desire—but the genial African that hides in this declaration is where he promises the city to let it have the management of its internal affairs

What do these two innocent appearing words means? Nothing more nor less than that the Police Board and the Liquor License Board—two mighty political forces, when improperly used—are to be turned over to the Preston-Mahon combination. Would the declaration of the Legislature "so that the Police Board may be entirely out of the field of political and religious differences, controversies and influences," be conserved by such domination?

All honor to Mr. Harrington for declining to be a party to such a scheme. Mr. Preston also tells us another of his reasons for supporting Mr. Lee is that we may have a reduction in the onerous State tax of 33 cents. How is this to be accomplished by a man as Governor, who, while in complete domination as "boss" of his county has produced the exact opposite result—increased assessment and an increased tax rate?

We have had many glittering generalities from Blair Lee and his disciples of the great things he has had done and other great things he is going to do, but never a word as to his stand on the liquor question. Is that because of the saloon influence in Baltimore?

Mr. Lee was the whole Legislature, but where was he when the rawest deal ever attempted was sprung on the Legislature for the sale of the State's stock in the Washington branch of the Baltimore and Ohio Railroad?

Was it the great conservator of economy, the mighty paladin of the people, who called a halt on this nefarious scheme? If I remember correctly it was Arthur P. Gorman, of Howard county, who alone fought the measure and overcame the supineness of the Attorney-General and forced an adequate price for the stock, restoring to the people more than three times the amount that otherwise would have been recovered.

Mr. Ogden having exposed the fallacy of the great claim for parentage of the Primary Election law (with its concomitant $2 bills) leaves the putative father as only a ward politician. No greater calamity could befall the State than the nomination of Blair Lee, as that would again insure a Republican victory.

L. M. Innerarity.
