

Two Favorite Shotguns and the Steel Lined "Speed Shells"

"Dope" on shooting is plentiful. And shooters know where *the right dope* comes from—and that it leads straight to *Remington-UMC.*

THE Remington-UMC Pump Gun and Autoloading Gun — these are the shotguns of *today.* Adopted everywhere, for use in the field and over the traps—shot by more of the men who are setting the pace in the sport than any other make of guns in the world.

In the matter of Shells—where is the sportsman who does not know the Remington-UMC "Speed Shells," *Steel Lined*—all the drive of the powder kept back of the shot, and showing results that flatter any make of gun?

For the right dope—see the Remington-UMC Dealer. He displays the *Red Ball Mark of Remington-UMC*—the sign that his store is Sportsmen's Headquarters of the town.

SAVES MONEY TO STUDY FOR PULPIT

Thomas Mulligan, After Ten Years o Work, Leaves for Westminster—His Mind Ever on Goal—Honest Hustler Who Deprived Himself That He Might Rise.

Thomas Mulligan is a youth living at 110 East Chase street, Baltimore, who began selling papers in the street 10 years ago, at the age of 9: today with his savings, he left for a 4-year college and 2-year seminary course at Western Maryland College of Westminster. Had he but the make-up of an ordinary boy he might still be peddling his papers on the corners of Charles and German streets, where he began. As it was, his upward vision carried his mind, and eventually him, to things higher.

Thomas, or as he prefers to be called, "Tom," later acquired "a route" in Northeast Baltimore, and his constant promptness brought him a continual increase of customers. But selling papers was not all he did. He craved knowledge, and to satisfy this craving, he educated himself. Finishing the grammar school in about five years' time, he entered City College, and passed three profitable years there. During all these years after school time he delivered to his readers their daily paper. At the same time he saved what he could, depriving himself often of many little luxuries.

In 1909 a paper decided to give the ten thriftiest newsboys of the city's biggest selling substation a trip to Atlantic City. Station No. 3 was the fortunate one, and "Tom" was the best of the 10 selected—in other words, the champion seller of the city.

"Tom" was mainly yet he was pious. In 14 years he missed attending Sunday-school but once, and that due to illness. He took the trip to Atlantic City only on condition that he would be able to come back in time for the Sunday's session. "Tom" has received 10 gold, silver, bronze and aluminum medals, which form one of his greatest treasures.

He again lived up to his reputation as "champion newsboy" in 1910, when he won the trip to Coney Island. Instead of taking this trip he sold it, because his mother needed him at home. That year he received $10, one of the prizes offered for the possessors of the best private delivery routes.

During the last year he was made president of the Mount Lebanon Christian Endeavor Society and vice-president of the Missionary Society, and one of his regrets is that he had to resign these honorary positions so soon after receiving them.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief.
