## WEDDING NOTES

ANSPON—DAVIS.

The splendid country home of Ex-County Commissioner Harry Davis and wife, near Still Pond, was the scene of a beautiful wedding Thursday of last week as briefly announced in the NEWS last week. The interested parties were the talented daughter, Miss Emma Bascomb, and Prof. Bert Winifried Anspon, of the Maryland Agricultural College.

The ceremony was performed by Rev S. S. Hepbron, rector of the I. U. Parish. The old colonial home was most beautifully decorated throughout with autumn leaves, chrysanthemum and potted plants. One end of the double parlor was a bower of lovely autumn leaves in front of which was an arch of chrysanthemums from which the wedding bell of white asters was suspended. The bride was attired in a magnificent robe of white faille silk trimmed with old family lace. Her tulle veil was fastened with natural orange blossoms from Florida, and her bouquet was of Lillies of the Valley and white orchids. Her only ornament was a pin of pearls and sapphire, gift from her brothers. The matron of honor, her sister, Mrs. Eliason, of Wilmington, wore a handsome gown of pink taffeta trimmed with spangled chiffon. Little Anna Eliason, niece of the bride, in a dainty creation of pink and white and carrying a beautiful basket of pink roses, was flower girl. The wedding party entered the parlor in the following order: The groom and his best man Mr. W. H. Davis, brother of the bride, followed by the little flower girl and the bride, on the arm of her father, who gave her in marriage.

Mrs. Harry Davis, mother of the bride, entered the parlor on the arm of her son, Mr. Henry Davis, just ahead of the wedding procession. Mrs. Davis was gowned in black satin and lace trimmings and carried a bouquet os Lillies of the Valley and lavender orchids.

Miss Maude Newmafi, of Saltlmore, a collegemate of the bride, played the wedding march, and rendered sweet music during the ceremony.

After the wedding a handsome collation was served bp a caterer from Wilmington. The bride and groom left at 10 o'clock in an automobile. Her going away costume was a gown of gray velvet with chinchilla furs and hat to match. The groom's present to the bride was a gold bracelet watch, and the bride's gift to the groom was gold and platiuum cuff links. The presents were numerous and handsome, consisting of silverware, bric-a-brac, cut glass and fancy articles. After an extended wedding trip Mr. and Mrs. Anspon will be at home to their friends at Hyattsville, Md., after December 1st.

Among the out of the county guests were: Mrs. O. P. Dorman, of Westfield, N. J.; Mr. and Mrs. Andrew S. Eliason, Miss Lydia Eliason, Middletown, Del.; Mr. and Mrs. J. Frank Eliason, Mrs. James D. Eliason, Mr. and Mrs. James Warren, Mt. Pleasant, Del.; Miss Marian Gray, Mrs. Charles Price, Mr. and Mrs. Andrew Eliason, Miss Anna Eliason, Mr. Henry Davis, Wilmington, Del.; Mr. and Mrs. Wm. R. Davis, Smyrna, Del; Miss May Watkins and Miss Maud Newman, of Baltimore, Md.

## RESOLUTION TO TOWN COUNCIL OF ROCK HALL

*Mayor and Town Council, Rock Hall, Md.*

Gentlemen: I beg leave to submit to you a resolution adopted by the Rock Hall Driving and Improvement Association at its meeting of November 11, 1915:

INASMUCH as the roads of Rock Hall during wet weather are in a very unsatisfactory condition, and in consideration of the fact that this condition greatly due and is very much aggravated by the methods in cleaning out the gutters, placing the dirt removed along the sides instead of in the centre; we, the members of the Rock Hall Driving and Improvement Association, having the intesests of the community at large at heart, do hereby resolve:

(1). That this condition be respectfully called to the attention of the Town Council by letter from our secretary, with a request that all future dirt removed from the gutters be deposited in the centre of the road so as to leave the edges lower and clear from obstruction, thereby facilitating free drainage.

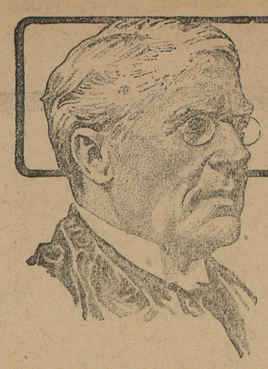

(2). That we respectfully urge the Town Council to use every effort to shell a width of at least 6 feet in the centre of all roads within the town limits, or as large a portion thereof as the funds at their disposal permit.

(3). That we respectfully urge the Town Council to make every endeavor to keep all roads crowned to the centre to at least a 1 in 20 radius.

(4). That this resolution as a whole be entered in the minutes of the Association and be given all publicity possible.

Respectfully submitted Nov. 10th, 1915.

WALTER H. DAVIS, Secretary.

*"The Thinkers of the Country Are the Tobacco Chewers"*— said one of the greatest thinkers this country ever produced.

*Tobacco For The Brain Worker*— must be *mild*. He can't afford to use a strong, rank tobacco with its come-back on the nerves.

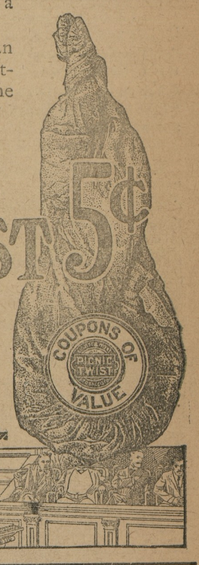

But PICNIC TWIST was just made for the folks who don't use their heads merely as a hat rack.

As mild and mellow as tobacco can be, yet as full of taste and as long-lasting as the strongest chew. That is the right combination.

## OUR PUBLIC FORUM

### Hon. Elihu Root
**On Woman's Sphere**

The question of Woman Suffrage is an issue before the American people. Twelve states have adopted it, four more states vote upon it this fall and it is strongly urged that it become a platform demand of the national political parties. It is therefore the privilege and the duty of every voter to study carefully this subject. Hon. Elihu Root, in discussing this question before the constitutional convention of New York, recently said in part:

"I am opposed to the granting of suffrage to women, because I believe that it would be a loss to women, to all women and to every woman; and because I believe it would be an injury to the state, and to every man and every woman in the state. It would be useless to argue this if the right of suffrage were a natural right. If it were a natural right, then women should have it though the heavens fall. But if there be any one thing settled in the long discussion of this subject, it is that suffrage is not a natural right, but is simply a means of government, and the sole question to be discussed is whether government by the suffrage of men and women will be better government than by the suffrage of men alone.

"Into my judgment, sir, there enters no element of the inferiority of woman. It is not that woman is inferior to man, but it is that woman is different from man; that in the distribution of powers, of capacities, of qualities, our Maker has created man adapted to the performance of certain functions in the economy of nature and society, and woman adapted to the performance of other functions.

"Woman rules today by the sweet and noble influences of her character. Put woman into the arena of conflict and she abandons these great weapons which control the world, and she takes into her hands, feeble and nerveless for strife, weapons with which she is unfamiliar and which she is unable to wield. Woman in strife becomes hard, harsh, unlovable, repulsive; as far removed from that gentle creature to whom we all owe allegiance and to whom we confess submission, as the heaven is removed from the earth.

"The whole science of government is the science of protecting life and liberty and the pursuit of happiness. In the divine distribution of powers, the duty and the right of protection rests with the male. It is so throughout nature. It is so with men, and I, for one, will never consent to part with the divine right of protecting my wife, my daughter, the women whom I love, and the women whom I respect, exercising the birthright of man, and place that high duty in the weak and nerveless hands of those designed by God to be protected rather than to engage in the stern warfare of government. In my judgment, this whole movement arises from a false conception of the duty and of the right of both men and women.

"The time will never come when the line of demarcation between the functions of the two sexes will be broken down. I believe it to be false philosophy; I believe that it is an attempt to turn backward upon the line of social development, and that if the step ever be taken, we go centuries backward on the march towards a higher, nobler and purer civilization, which must be found not in the confusion, but in the higher differentiation of the sexes."
