

Give your Child Dr. King's New Discovery for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them *free* from cold. I can't say too much for it, and take pleasure in recommending it to my friends." *Mrs. A. S. Haines, Franconia, N. H.*

Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

Prompt Answers

It is the duty of the telephone operator to ascertain the number wanted and ring the bell of the party called.

Any incoming call may be of the utmost importance. The man who "lets it ring" is not fair to himself, the calling party or the operator.

Much of what is sometimes blamed as "slow service" is caused by subscribers not answering promptly.

You can help the service by answering your telephone bell immediately.

BOYS' CLUBS AND THE COUNTY AGENT

The County Agricultural Agent Also Devotes Time To Interesting the Farm Boys.

REUBEN BRIGHAM,
Maryland Agricultural College Extension Service.

Among the varied activities of the county agents of Maryland which are proving of practical helpfulness to the farmer and his family, none are deserving of more appreciation than their Boys' Club work. The aim of this work, in which over 300 boys were enrolled in 1915 in Maryland, is to arouse in the country boy a live interest in farming as a business. To accomplish this purpose the County Agent visits the schools whose teachers are awake to the possibilities of giving to their boys lessons in everyday life and practice. He explains that to belong to the National Corn Club with its thousands of members throughout the South, a boy must get his parents to consent to his renting an acre from them on which he can

COUNTY AGENT AND CORN CLUB BOY.

grow a crop of corn. This crop the boy is to grow himself, doing as much of the actual labor as possible. His teacher, if she is interested, will visit his acre occasionally and explain to him the directions which the County Agent has given him. The County Agent will send letters, also, both to the boy and his teacher, telling what can be done from time to time to improve the crop, what the other boys in the county are doing, why the boy should keep up his interest, and how to form a neighborhood boys' club in which his school mates can join. During the growing season the County Agent will visit a number of the acres calling field meetings to which neighboring boys and their fathers are invited to discuss the growing of the crop and the selection of seed corn. Later the County Agent plans with the teacher for a school exhibit to which her children, including her corn club boys can bring exhibits and where they can submit their accounts and read their essays telling how they grew their crop and followed the directions of their teacher and the County Agent. In this work our county agents are developing a spirit of loyalty to farm life and a knowledge of farm business among our boys that will show remarkable results in the agricultural production of the future. What better training could the boy have than in attempting to do better than anyone else what thousands of other men and boys are doing? In what better work can the county agent be engaged than in welding together the young life of his county into a united effort to make their neighborhoods and the county itself a leader in agricultural production and the seat of a happy farm life?

CLEAN UP YOUR POULTRY HOUSE BEFORE PUTTING IN YOUR PULLETS.

ROY H. WAITE,
Maryland Agricultural Experiment Station.

At this time of the year when the pullets are being put into their winter quarters there should be a thorough house-cleaning. Clean the house by scrubbing it with a broom and water if necessary and then spray it with some good spray mixture. You can use to advantage one of the so-called sheep dips or coal tar products that are on the market. Directions for applying vary somewhat, but are always given on the cans of containers in which the products are sold. If the house is badly infested with mites, which, by the way, are worse than lice, it might be well to use a kerosene emulsion which is made as follows:

Hard soap, ½ lb.
Boiling soft water, 1 gallon.
Kerosene, 2 gallons.

This can be applied with a spray pump or a white wash brush or broom may be used. The important thing is to get the solution well into the cracks and other hiding places of the mites.

Sometimes poultry houses are white washed to free them from lice and mites and this is a very efficient method especially if well done. However several poultrymen have reported cases of eye trouble caused by the lime from the wash getting into the eyes of the fowls. Where the birds run out doors a great deal of the time this trouble probably will not occur. It only seems to appear in housed flocks.

White wash containing carbolic acid was once widely recommended for poultry houses, but it is doubtful if the acid does any good for its action is neutralized by the lime.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak.

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N.Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—MRS. FRED CHACE, R. No. 2, Macedon, N.Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the Change of Life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
