METHODISTS TO MEET IN MARCH

Much Interest Manifested in Conference Which Precedes General Conference.

The Forty Eighth Session of the Wilmington Annual Conference of the Methodist Episcopal Church will convene in Union Church, Wilmington Del., Wednesday, March 29th, next Bishop Joseph F. Berry, of Philadelphia, who has residential supervision over this Conference, will be the presiding officer.

More than passing interest will attend the proceedings of this year's session, as it is the last one for the present quadremium, which will end with the convening of the General Conference, which is the law-making body of the church, at Saratoga Springs, next May. This being the session immediately preceding the meeting of the General Conference, there will be elected four delegates as this Conference's representatives in the General Conference. There will meet at the same time as the Annual Conference, the Lay Electoral Conference, which is composed of one delegate from each pastoral charge within the bounds of the Conference. The Lay Electoral Conference will elect four delegates to the General Conference, it having equal representation with the Annual Conference.

In the matter of selecting the delegates, there will be very much interest taken, since it is no small honor to be elected a delegate to this great conference, which a very discriminating writer sometime ago characterized as the greatest religious convocation since the Council of Nice.

At the session of the Annual Conference in March, there will be unusual concern about the matter of appointments. It is generally conceded that there will be a great shakeup, even greater than at any time in recent years The appointment of three district superintendents will make this more likely than it otherwise would be. The Rev. E L. Hoffeeker, of Wilmington; Rev Robert Watt, of Easton; and Rev. R. K. Stevenson, of Dover, will have served their respective districts for six consecutive years, and the law of the church makes this the limit.

Speculation is rife as to who the Bishop will name as their successors, and he will no doubt have a good many would be advisers and lots of the "brethren," both lay and ministerial, will be very free, if a chance is given them, to tell the Bishop just "who ought to be WHO."

Acetylene Lighting Plants—Mr. Elmer E. Leary, of Rock Hall, states that he is more than pleased with the Pilot Generator recently installed in his home by Mr. G. E. Williams, who represents the Oxwell Acetylene Co., of Newark, N. J., and Chicago, Ill. Mr. W. S. Hurlock is also delighted with his Pilot which he is using in lighting his new home in Kennedyville. They would not care to go back to the use of oil lamps and matches. Davis & Bros., of Galena have been using the Pilot for sometime now in lighting their new store, garage and Mr. James Davis' private dwelling, all from the one plant. They would not part with it for double what it cost, and consider it the best lighting system for a country home or place of business.

The College basket-ball team has disbanded until the college reopens. The games away from home will be played according to schedule.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. Anna Kelly, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

More Milk and Beef

THE indoor life of housed-up dairy cows and cattle put up to fatten on full rations, always causes poor digestion and sluggish bowels, which naturally lessens the flow of milk and keeps them from taking on flesh. This unthrifty and depreciating condition should be corrected and warded off with a few tablespoonfuls of

Cal-Sino
APERIENT (COW POWDER)

given on the food several times a week. It is a medicinal restorative powder that puts and keeps the digestive organs in energetic working order. It loosens and carries off stagnant, clogged waste matter from the bowels, and regulates nutrition so that the food consumed is digested and converted into body-building and milk-producing elements which mean More Milk, Meat and Money. Just try it. 2 lb. Cans, 50c; 12 lb. pails, $2.00.

For Lump Jaw, use Resorbine, $2.00.
For Chapped Teats, use Glycoline, 25c & 50c.
There are 18 CAL-SINO REMEDIES for Horses, Cattle, Swine and Poultry.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
