HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's stepsister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. Lowery, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ills, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

ROAD ENGINEER

Messrs Editors:

As Chairman of the Committee named by the Automobile Club of Kent County, to petition the Governor to appoint as Road Engineer a man residing out of Kent County, I wish to express my own individual opinion on this point, which is the opinion held by nearly all the others on the Committee. There has been some question raised as "Why a man out of Kent County?" And the answer is: The Road Engineer law for Kent county provides among other things, that the Engineer shall possess a knowledge of Civil Engineering; be a competent surveyor; must understand the construction of bridges. It also reads: "And the said Governor shall make such appointments without any reference whatever to the political opinions of the person so appointed."

I don't believe there is a man in Kent county who possess the qualifications above mentioned and who also has the executive ability, sufficiently to fill the above position. When the Electric Light Plant started operations in Chestertown, its proprietors did not look in Kent for a competent Superintendent. There were many whose conceit would have pressed them forward to take the position, and who likely would have wrecked the plant in about 2 days.

We all agree that if there be an effieient man in Kent, he should be named as Road Engineer. But there has not been a man suggested who has demonstrated his competency, or who has had any practical experience in modern road building Hence we urge that the man to be named be one having had three years experience as a Road Engineer: and who has been recommended by the State Roads Commission as a competent man. Can any one suggest a better plan to secure a capable man? Why not have the State Roads Commission to suggest one? They know who are the competent men.

The assertion that the Engineer ought to come from Kent is about as fallacious as that a merchant ought to hire a clerk because he lives in the same neighborhood. Why is not the Telephone Superintendent a Kent county man? Why is not the Foreman at the Chestertown Gas Company a Kent county man? Why do you go to the city to consult a physician, there are physicians in Kent.

Why did Queen Annes county go to the Western Shore and get Mr. Schneppe for a Road Engineer? Why also did Caroline do likewise? Queen Annes wanted a good road Engineer and they got one too. Since Mr. Schneppe's appointment the improved condition of the roads in Queen Annes, has been marked. He closely attends to his work; he is intelligent, accommodating, courteous and aggressive.

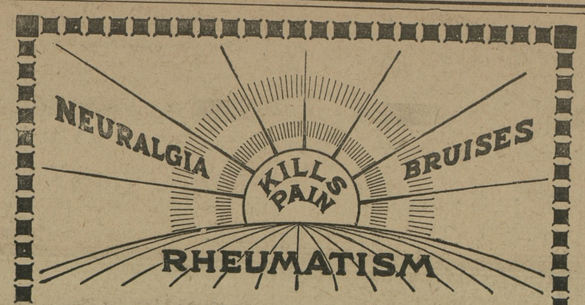

Handling the roads is no easy job. It requires something more than a knowledge of how to scoop or drive a machine.

There can be no question that a man out of the county (properly recommended) would take hold of the roads as a business proposition; not because he rendered political aid in the past. He would then be unhampered and not embarrassed like a local man will be.
