Prince Albert will show you the real road to smoke-joy!

Copyright 1913 by R. J. Reynolds Tobacco Co.

PRINCE ALBERT was made to create *tobacco content* where it never existed before! It permits men to smoke *all they want* without getting a sore tongue, without any comeback but real tobacco enjoyment! The patented process by which Prince Albert is made (and controlled exclusively by us) fixes that—and *cuts out* bite and parch!

PRINCE ALBERT

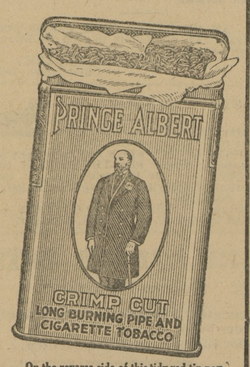

the national joy smoke

comes right to your taste fair and square! And it will do for you what it has done for thousands of men—make pipe or cigarette smoking the cheerfulest of your pleasures!

Prince Albert is to be had everywhere tobacco is sold in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

What we tell you about Prince Albert is a fact that will prove out to your satisfaction just as quickly as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made *three* men smoke pipes where *one* smoked before!

FINE TALK BY MR. FELL.

Mr. Edgar Tremlet Fell, who was in charge of the American Embassy at Madrid when European war was declared and who later joined the Ford Peace Expedition, as announced in the NEWS last week, addressed the Federated Club Saturday evening from the point of view of an unprejudiced observer of European conditions.

He declared the true facts of the expedition were never printed because the forty reporters on board were there to ridicule the project and consequently garbled the facts in their reports. He held his audience for an hour and twenty minutes with a most entertaining exposition of the Ford idea from the time of his sailing from New York on the Oscar II to his landing at St. John's, Newfoundland, after eight weeks of pilgrimage in Europe.

He said Mr. Ford, with whom he conversed at length, had no idea of stopping the war with his handful of enthusiasts, but to establish a permanent bureau for the purpose of continued mediation. This bureau is now at The Hague, in daily communication with the belligerent capitals, and through which the warring powers are delivering their peace views.

Mr. Fell described, in very graphic fashion, the trench system on the Eastern and Western fronts and stated that it is next to impossible for either the Teutons or Allies to break the deadlock which now exists. He thinks it will end in a draw. He also said the intense animosity formerly existing between the individuals of the warring nations is gradually dying down.

The United States, in his judgment, is well respected abroad by the thinking people.

The speaker put the remarkable Ford trip in a new and quite different light from that which the American press gave. The address was witty, entertaining and instructive and Mr. Fell has been asked to speak again on further aspects of the subject,

He expects to return some time during May.

EASTER SERMON

Love your enemies. Understand them. See their burdens, their bewilderment, their perplexities, their obstacles and thwartings. Let the Christ of you strike with pity upon the locked gates of the vaults of their ignorance, and cry Lazarus, come forth! to the sleeping souls of them within. Let the the Moses of you the Pioneer, the Darer, the Adventurer, the All-Believer, strike with love upon the rock of their hardness and asperity; let him will that living water, kindness, shall gush forth, crystaline, sparkling. And this day, so shall it be.—Nautilus.

SHERIFF'S NOTICE TO TRADERS AND OTHERS!

NOTICE IS HEREBY GIVEN to all persons and bodies corporate or politic doing business in Kent county and requiring a State License to obtain a license or renew the same on or before

The First Day of May Next

A failure on the part of persons now engaged in business to renew their licenses by the first day of May next, will subject them to fine.

Clerk A. Parks Rasin will be ready to issue licenses on or before the first day of May next at his office in the Court House.

Those interested are notified of the following requirements of the license law:

If applicant's stock in trade does not exceed		$ 1,000	$12.50
If over $1 000 and not over		1,500	15.50
"	1,500 " "	2,500	18.50
"	2,500 " "	4,000	22,50
"	4,000 " "	6,000	30.00
"	6 000 " "	8,000	40.00
"	8 000 " "	10,000	50.50
"	10,000 " "	15,000	65 50

The applicant must either make oath as heretofore, before the Clerk of the Circuit Court of the county where he is engaged in business, of the amount of goods kept on hand at the principal season of sale, or the oath may be administered by a Justice of the Peace when the person wanting a license applies through an agent.

STALLIONS—Any owner and keeper of every Stallion or Jack shall before being permitted to stand or station such animal pay to the Clerk of the Circuit Court or some one of the counties of the State the highest sum that he intends to receive for the season for one mare, and the receipt of the said Clerk, with the seal of his court attached thereto for said sum, shall be the license for standidg or stationing such a stallion or jack for one year from the date thereof; provided, that in no case shall the sum directed to be paid oy this section for such license to be less than ten dollars, and that every stallion or jack, upon which the said tax is paid, shall be exempt from all other State tax.

Any owner or keeper standing or stationing any stallion or jack without a license shall forfeit and pay twice the sum authorized and required to be paid in the last preceding section, one half to the State and the other half to the informer.

J. THOMAS HADAWAY,
a15-3t Sheriff of Kent County.

Still Pond Farmer's Club.—The last meeting of the Still Pond Farmer's Club was held at Mr. F. M. Cornelius' March 30th. The inspection committee reported unfavorably on the tree that was leaning over the road, the drainage from the cow pound, the chickens that roost on the farm implements and the wet straw piled against the silo. But favorably on the horses, cows, calves, hay silage, stables and the dinner. Mrs. Cornelius was named as the lady member of the inspection committee for the next meeting. The report of the committee on resolutions of sympathy on account of the death of Mr. E. B. Pennington, was read and adopted.

Mr E. B. Pennington Jr., was elected a member of the Club in the place of his father and Mr. Burrell and wife were elected honorary members.

Mr. Burrell addressed the club telling of the work he had done in the interest of agriculture and what he hoped to do in Kent County with the cooperation of the farmers. He told of his experiences in Michigan, New Mexico, Vermont, Alabama, Ohio and Maryland.

Mr. Bennett, speaking for the county commissioners, said they had named Mr. Burrell as the County Farm "Physician" and they wanted all the farmers to feel free to call on him to help keep their farms in a healthy condition.

After our County Agent had answered many questions the meeting adjourned to meet at the home of Mr. A. L. Harris's home on April 27th.

MEETING IN INTEREST OF THE CHAUTAUQUA

A meeting was held at the Savings Bank Parlors Monday evening, called by the local president, Cashier William F. Russell, in the interest of the local Chautauqua.

Several committees were appointed to further the Chautauqua in various ways. Only one-half of the tickets have been disposed of and a committee was appointed to see that the full number were sold.

The Chautauqua will be held this year on Sept 4 to 10 inclusive.

On May 10 Miss Mary Agnes Doyle, an expert elocutionist, will render, "Peg O' My Heart" in Lyceum Theatre. All who have subscribed for tickets will be admitted free. Those who have not already subscribed can do so by seeing Mr. Wilbur Thomas, Chestertown, the Secretary, or any member of the committee.

HOPE FOR CONSUMPTIVES

Consumption is responsible for more deaths than any other disease; yet many apparently hopeless cases have been cured.

A number of authorities tell us that tuberculosis is a curable disease in its first and second stages, and even in its last stages life may be considerably prolonged by careful living and eating, by avoiding alcoholics, beer, and all other intoxicating liquors; for the tissues are broken down by their use.

One who has weak lungs should work out of doors as much as possible. When in feeble health choose light work. Excessively hard work will prevent recovery. When very tired, one should have a rest in mind and body. Find a dry hilly slope to sest or recline upon on summer days. Let it be near a pine woods if possible, as the aroma of the pine is healthy.

Practice deep breathing. When you rise in the morning go out in the air and take twelve deep, long breaths. Repeat this exercise occasionally through the day. Do not breathe deeply indoors, keep the mouth closed when breathing.

Avoid candy, confectionary and pastries of all kinds, they do not nourish and may upset the stomach. Chew slowly and study the principles of fletcherizing. Use plenty of milk eggs and good nourishing foods. Walnuts and other nuts are good for consumptives on account of the rich oils they contain. Eat regularly, give each meal sufficient time to digest before you place in the stomach

Keep a cheerful, hopeful frame of mind. It does not matter so much about the condition of your lungs as it does the way you take it. Hope and cheer will aid in recovery. Remember consumption can be cured.

The Ross Eight Cylinder Seven Passenger Touring Car
$1350.

The Standard Motor Company of Easton introduces the new Ross eight-cylinder car to the public in this territory. The company is pledged to the most advanced automobile design and construction and therefore handles only eight-cylinder cars.

Years ago the industry abandoned one-cylinder motors and turned to twin and four-cylinder design. In the higher grade cars the four-cylinder engine soon gave way to the six. And as a natural development the six-cylinder engine is fast being replaced by the multiple-cylinder engine.

The six-cylinder car is now obsolete. It is rapidly being superseded by the eight. Two years ago only one eight-cylinder V-type car was being built in America. Today over forty manufacturers are building V-type cars.

This new Ross is the highest development—the pinnacle of perfection in V-type construction at a popular price. Never before has there been offered such a motor car for less than $2,000.

Think of the following specifications for a car a $1350: 80 horse-power motor which is a veritable living storehouse of energy, an engine which in high gear will jump the car from less than three to more than sixty miles per hour with amazing rapidity; a wheel base of 130 inches—think what that means—130 inches, larger than any car now on the market at the price; a seven passenger body with roominess and comfort never before known in any car at a price under $2000; 57 inch rear springs, nearly five feet long, which cradle the car with a feathery lightness truly remarkable; every detail worked out to perfection—and all weighing only 3100 pounds.

It is useless to explain further. Come into our salesrooms and see for yourself. Several of these new cars have already arrived and others are on their way from Detroit.

The complete specifications will be sent to you if you will drop us a post card.

"Kent NEWS" $1 Per Year.

RECIPE FOR GRAY HAIR.
To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
