ROCK HALL

Interesting stereoptican lecturers were delivered in the S. D. A. Church on Saturday and Sunday evenings last by Rev. J. F. Weirtz, of Baltimore. The subjects were "Astronomy, or the Wonders of the Heavens," and "Who Is Responsible For the War."

The S. D. A. Church camp meeting, report says, will be held here late in May or early in June.

Mr. Robert Wickes has made extensive improvements to the property he tenants. New fencing around the front yard, garage, clearing up land and he has now joined the auto fraternity.

Mr. Elmer E. Leary is also making improvements along the road line of his farm by hauling off the fence row and putting new fence.

Mr. M. L. Maslin has improved along the road leading to his dwelling by a new fence.

Mr. Elmer Hague, tenant on the Alexander farm, has also improved the road line by rebuilding the fence.

Mr. George Colyer is causing our truckers and gardeners to "sit up and take notice" as they pass his home. Drills, in which he sows small vegetable seed, he covers with shore sand which keeps the soil from crusting and creates warmth to the soil, thus promoting quick germination and rapid growth with no grass to bother with.

Earle Hogans still remains in the Marine Hospital in a precarious condition.

Mrs. Mary E. Dolan, wife of James Dolan, died at the home of her daughter, Mrs. Clarence F. Edwards, at Pine Neck, Sunday morning, April 9, aged 63 years. Mrs. Dolan was the daughter of the late David and Mary Ashley. Mrs. Dolan had been suffering for more than two years with complications. She leaves one daughter, Mrs. Mattie V. Edwards, and one son, John Dolan, five brothers and three sisters. Funeral services were held at the home of her daughter where she had spent the last few months of illness, by Rev. J. W. Prettyman, assisted by Rev. A. Travis, of Pine Neck Church. The bearers were Wm. R. Coleman, A. L. Wilson, R. W. L. Crouch, William Frazier, William Rollison and Earl R. Strong. Interment in Pine Neck cemetry; Undertaker Casey in charge.

DRESS UP!—The national movement of "dressing up" has had an almost electrifying effect in the big style centers. Why not here? Easter is very close and Bordley & Sons are showing some beautiful things at nominal prices. Drop in and let them "dress you up." See advertisement page 5.

IN MEMORIAM

April 2nd, 1916, WILLIAM T. STRADLEY, son of John and Mary Stradley, aged 75 yrs., 3 mos., 10 days.

A precious one has left us,
A voice we loved is stilled;
A place is vacant in our house,
Which never can be filled.

Earth has lost a look of gladness,
Heaven seems to us more bright;
Since the spirit of our dear father,
Took its happy homeward flight.

Then let our sorrow cease to flow,
God has recalled his own;
But let our hearts in every woe
Still say, "Thy will be done."

DAUGHTER EUGENIA.

April has come.
To me the saddest of the year,
For it took my dear father away
Just two weeks ago tomorrow.

We cannot understand why we must part,
From those we love so dear.
But God, who doeth all things
Will some time make it clear.

You are not forgotten,
Nor will you ever be:
For as long as life and memory last
I will remember thee.

1t* SON WILLIAM.

Trustees of Almshouse.—The Kent County Commissioners Tuesday elected the following as trustees of the County Almshouse:—M. Wilber Thomas, Lewis E. Smith, Thos. Trew, Harry Rash, Henry Rasin.

ELBURN—In loving remembrance of my dear husband and our father, John W. Elburn, who departed this life four years ago, April 11, 1912.

Four years, with all its changes,
Since death strangely bade us part;
But, dear husband, all these changes
Cannot take you from my heart.

HIS LOVING WIFE.

Rest on dear father, thy labors o'er,
Thy willing hands will toil no more;
A faithful father, both true and kind,
A truer father you could not find.

BY HIS CHILDREN.

John Barlow, Monmouth Junction, N. J. one of the most successful truck and potato growers in New Jersey, says that Swift's Fertilizers have given him the largest yields of potatoes he has ever grown—many acres close to 400 bushels.

Mr. Barlow has used other brands and knows from experience which brand produces largest crops and profits. There's a reason for the greater profits from using Swift's Fertilizers.

BUT

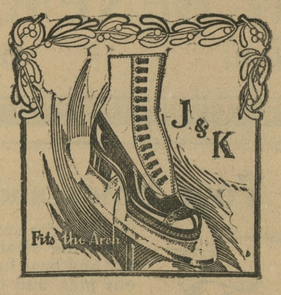

You Can't Burn Your Fence Rows Unless You Have AMERICAN STEEL FENCE POSTS

Made by AMERICAN STEEL & WIRE COMPANY

"Bugs and weeds destroy," he says, "unless you kill and remove them. You can only do that with fire. Of course you cannot burn your fence rows, if you are still using old, out-of-date wood posts. But you can burn your fence rows if you use *American Steel Fence Posts.*" That's only one reason why Steel Posts are best. They last a lifetime. Wooden posts rot or wear after five to ten years. Steel Posts protect your stock from lightning. Each Steel Post is really a lightning rod. They need no post holes or staples. They can be driven.
