LOST SISTER FOUND

Cameron Coleman, whose wife was Margaret Clarke, the one that a sister Sallie from whom she was separated for 30 years, arrived in Baltimore this week from Deepwood, Kent county, with positive assurance that the Sallie Clark who lives there is the same who left St. Mary's Orphan Asylum 30 years ago.

A little note in the inquiry column of a Baltimore paper last Thursday resulted in the running down of clues that solved the mystery, as much a mystery for the sister here in Baltimore as for the one who lives in Kent county. The Baltimore sister, Mrs. Coleman, is employed by Dr. Henry Barton Jacobs at his city home, on Mount Vernon place, and Dr. Jacobs himself took interest in the case, when he saw the note in the paper and helped to put Mrs. Coleman in touch with the family in Kent county, where the sister is employed

Mrs. Coleman intended to go to Kent county herself, but Deepwood was so far away that it was decided that it would be better for her husband to make the trip. He was convinced at once that the Miss Clark there is a sister of his wife. Mr. Coleman carried along a photograph of his wife, of her mother and one of her father.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again." —Mrs. FRED BEHNKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well." —Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Cadillac Eight

SERVICE

The interest and responsibility of a Cadillac dealer does not stop when the car is sold.

Cadillac cars are built to give maximum service day in and day out. A Cadillac, with no attention whatever, will give better service than any other car. But with periodic inspection from an expert it can be kept at absolutely top-notch efficiency constantly; something unknown to the owner of the average car.

To insure proper attention to Cadillacs on the Eastern Shore we have installed a complete service department in Easton. Free monthly inspection and adjustment will be given all eight cylinder Cadillacs. The department will also carry a line of parts for 4-cylinder Cadillac models.

Mr. Warner, the manager of the Easton service department, is well known to Cadillac owners in this section. His ability is born of experience in the Cadillac factory at Detroit and in the Baltimore service station.

We expect to give the same service to the Eastern Shore Cadillac owners as is enjoyed by owners in the larger metropolitan centers.

Cadillac reliability coupled with Cadillac service represents the highest development of motor car efficiency.
