Haying Season

Is nearly here. Are you prepared to care for the large crop of hay this season has given us?

We are ready to help you harvest your hay with all the latest improved and most up-to-date machinery. This year we offer for the first time our No. 6 McCormick Mower, a gem of perfection and mechanical ability. You well know the enviable reputation the McCormick Mower has enjoyed for so many years and you wonder how it could be improved upon, but it has been done. The No. 6 Mower has been working under the most adverse field conditions for 5 years, being thoroughly tried out by expert mechanics and by farmers to whom it was entirely new and all pronounced it good. The No. 6 is not the New 4 made over but an entirely new mower with all the good features of the New 4 embodied. There are so many points to call attention to that it is impossible to mention them here, but we ask you to come and see the mower.

SIDE DELIVERY RAKES AND HAY LOADERS

The Keystone tools are the latest improved of haying machines and they save time and labor. We shall be glad to go into details with you about them.

SELF DUMP RAKES

All steel except the shafts and last almost an ordinary lifetime.

TEDDERS

McCormick Tedders are good "kickers." They help to cure the hay without drying out all the nutriment.

BINDERS

The new model Binder which has been on the market for two years and of which we sold 23 last year is pronounced by all who have seen it to be the great est Binder ever seen work. It is lighter draft than most other machines because of less weight and more roller bearings and a more rigid construction of the main frame. This is the year to buy these tools as all indications point to higher prices next year.

DON'T FORGET OUR SHOPS WHEN YOU HAVE REPAIR WORK. We know how to do it.

BEAUTY OF FIGURE IS NOT A QUESTION of SIZE

But the beauty of a bank account is entirely a question of size.

Fortunately while none of us have much to say about the beauty of our figures, most of us have the entire making of our bank accounts in our own hands, and can set our stakes high if we WILL to do so.

Bring us your deposits, and let us help you realize your ideal of beauty in things financial.
