

Will You Lose *Your* Boy, Too?

This is a true picture of what is happening on thousands of farms each year. Breaking home ties. Young men, and young women too—leaving home for the attractions and conveniences of city life.

Young people in country homes have plenty to keep them busy and contented during the day. Evening is their time of leisure and recreation.

It is then that the depressing gloom of their poorly lighted homes strengthens their desire for the pleasures and comforts of good light which all city homes enjoy, rich and poor alike. For young folks crave companionship — good times — pleasant homes — cheerful surroundings.

Thirty years ago, it is true, only city homes enjoyed the advantages of gas lights and gas cooking but for the past fifteen years progressive home owners in the country have also enjoyed this greatest of city conveniences — good light — until today

Pilot-Carbide-Outdoor Lighting and Cooking Plants

are supplying brilliant, inexpensive light to houses, barns, outbuildings and cooking fuel for the kitchen range on hundreds of thousands of up-to-date country places from the Atlantic to the Pacific.

These homes—situated just like your own—are lighted as well as the finest city house you ever saw.

The young folks in these homes are contented and happy. Their homes are cheerful, full of light and comfort, real homes of which young folks, and older ones too, can well be proud. City life has no attraction for them, because they know that with modern conveniences in the home, life in the country is better, happier and more enjoyable than the best the city has to offer.

What about your children? Are you doing your part to give them the advantages they desire and which their friends and neighbors enjoy? Or are you denying them the simple comforts and conveniences which you can well afford?

They may be just approaching the time when they will decide for themselves—whether they too will leave for the city or stay at home.

They may never have said anything about these things to you—but what are they thinking? What will they decide?

Their decision is largely in your hands. An attractive home is the strongest magnet in the world. The greatest factor in making the home cheerful, bright and attractive is good light.

MONEY IN PRIMARIES

The Sun is our authority for the following extracts from a long article on the "money spent in primaries."

In the France-Goldsborough fight, just ended, they matched well against the best performances of the Democrats in their fights. It has been stated upon reliable authority that Mr. Goldsborough had $40,000 and there have been very circumstantial rumors that he had between $86,000 and $90,000. Dr. France's campaign almost certainly cost as much as Mr. Goldsborough's. Dr. France was selected as the organization candidate largely, it is understood, because he is very wealthy and was able and willing to be liberal.

The talk among politicians for weeks before the primary was that both the Goldsborough and the France leaders were putting negro party workers on their payrolls. One France leader, a very high-toned man, said that the Goldsborough people had started it, and his side had to follow. It was accepted that the two factions were bidding for the negro workers, and one of the humors of the fight was the report that some of the darkies were on the payrolls of both factions. Of course, that business was simply an indirect form of bribery, in most instances.

Some idea o' what has been going on may be gained however, from the following: A very prominent citizen of Prince George's county, a substantial, reputable man who is known and respected all over the State, said last September that in the Lee-Harrington fight, the Lee people had $400 in each district of Prince George's county. There are 19 districts in the county, so that the total Lee fund, upon the basis of $400 per district, was $7,600 Now, no one familiar with the Lee-Harrington fight doubts that in Prince George's county the Smith-Harrington forces had as much money as the Lee men.

That would mean that in the county there were two funds of $7,600 each, or a total $15,200 In 1915, the total Democratic affiliation in Prince George's county was 3,782, or, in round numbers 3,800. You can put 3,800 into $15,200 four times, so that it would appear that $4 was used in Prince George's county in that fight for every Democrat, high or low.

NOTICE TO CREDITORS.

Notice is hereby given that the subscriber has obtained from the Orphan's Court of Kent county letters of administration on the estate in Kent county, Maryland, of

SARAH WELLER,

late of Kent county, Maryland, deceased.

All persons having claims against deceased are hereby warned to exhibit the same with the proper vouchers thereof to the undersigned on or before the 2nd day of December, 1916, otherwise they may be excluded by law from all benefits of said estate. All indebted to said estate are requested to make immediate payment to the subscriber.

Given under my hand and seal this 2nd day of May, 1916.

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Which costs most—painting or waiting?

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait, your house is worth less. A little paint-money is good paint-insurance.

DEVOE
THE GUARANTEED
LEAD AND ZINC PAINT
FEWER GALLONS - WEARS LONGER

Just as soon as your house needs painting, come in and let us show you how little it will cost you to use DEVOE.

We say "DEVOE" because it's absolutely pure.

That's why DEVOE takes fewer gallons, wears longer—and costs less by the job or by the year.

And that's why we guarantee Devoe without reserve.

CHARLES P. JONES, Millington, Md.
FOREMAN & MASON, Centreville, Md.
