FISHING LAWS

Now that the fishing season is here, it is well for our Izaak Walton and others to know just how strict the laws are governing the same.

The laws are very strict, and the game wardens have full power to enforce them.

The portion of the laws of special interest to local fishermen is as follows:

Section 76.—No person shall catch or in any manner take or kill in water of Maryland, at any time, any white perch less then 7 inches, any yellow perch less than 7 inches and any pike less than 14 inches, any rock less than 10 inches, any tailor less than 8 inches or white catfish less than 7 inches, or any sturgeon weighing less than 20 pound, or any rock weighing over 20 pounds in the spawning season of April, May or June.

Section 83.—No person shall at any time empty any seine or net of any kind upon the beach, shore or land bordering on any waters of State, or in the water along such beach, shore or land, unless such water is at least 12 inches deep. The waters of the Chesapeake Bay above Pool's Island are excepted from this provision, and net may there be hauled upon shore, but there must not be left any fish smaller than the hereinbefore prescribed size or smaller than weights mentioned to perish, but must be immediately culled over and such small fish returned to water.

Any person fishing with hook and line must likewise return to the water any undersized fish or overweight fish as described in Section 79.

Carp are not protected and may be caught any size and in any manner, except by dynamiting, or any other manner injurious to other fish.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine —Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. Mayme Asbach, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
