Haying Season

Are you prepared to care for the large crop of hay this season has given us?

We are ready to help you harvest your hay with all the latest improved and most up-to-date machinery. This year we offer for the first time our No. 6 McCormick Mower, a gem of perfection and mechanical ability. You well know the enviable reputation the McCormick Mower has enjoyed for so many years and you wonder how it could be improved upon, but it has been done. The No. 6 Mower has been working under the most adverse field conditions for 5 years, being thoroughly tried out by expert mechanics and by farmers to whom it was entirely new and all pronounced it good. The No. 6 is not the New 4 made over but an entirely new mower with all the good features of the New 4 embodied. There are so many points to call attention to that it is impossible to mention them here, but we ask you to come and see the mower.

Big Fire But No Stop!

We have had the misfortune to lose by fire our Annex, the HALL BUILDING, together with its stock of STOVES, FURNITURE AND VEHICLES.

While the loss is large, it will in no wise hinder the progress of this business. We have enough stock in our warehouse to supply the wants in this line until we can build a larger and better Store-house, from which we hope to merit a continuance of the public patronage.

INSURANCE

CHESTERTOWN, MD

ALL AGREED ON NEED OF ROAD TO ROCK HALL

A Delegation From Kent Present the Claims of the Bayshore Town and Lower Kent — A New Bridge Over the Chester Likely to Prevent the Desired Road Being Built At the Present Time.

After repeated efforts a hearing was granted by the State Roads Commission to a delegation from Kent county on Thursday. This delegation went to Baltimore by boat from Rock Hall arriving in the city at 10 a. m. A meeting was held on the steamer of which W. Reybold Wilson was made chairman and Fred. G. Usilton, secretary. After an hour's discussion of the important question a committee was named consisting of Ex-Senator Wm. W. Beck, Senator Henry Brown, Russell Downey, and Carey Reinhart who should ask the State Roads Commission to build a road from Rock Hall to Fairlee, the matter of route to be left to the Commission.

Those in the delegation were as follows: W. W. Beck, H. W. Vickers, S. S. Beck, Fred. G. Usilton, from Chestertown; H. C. Willis, John P. and Wm. T. Nicholson, T. B. Kilbourn, T. H. M. Bramble, Carey Reinhart, of near Fairlee; E. E. Leary, Joseph Downey, W. R. Wilson, Henry Urie, Jr., John Brice, John Wood, Louis Smith, James Wilson, R. Hynson Beck, Wilbur Gale, F. Puppe, R. Downey, G. H. Camp, Thos. Joyner, R. Strong, Charles Haumaker, of Rock Hall. Others joined the delegation in Baltimore including Road Engineer Gault Applegarth, Lewin W. Wickes and L. W. Barroll. Wm. W. Beck, Esq., made the principal plea before the commission and made a very forceful argument for the Rock Hall road. He stated that this matter was *one of the only things* upon which all creeds, factions and parties were agreed in Kent! His remarks were seconded by Senator Brown, Mr. Rinehart and others.

The State Roads Commission stated in brief that Kent counted would be entitled to $125,000 out of the loan.

That, if after examination by their engineer, Chester bridge was found to be unable in his opinion to accommodate the traffic now going over it, a new concrete structure would be built to cost $185,000 of which this sum Queen Anne's would pay $95,000 and Kent $90,000.

That the remaining $35,000 would be used to complete the gap between Washington College and Chester bridge and the stretch of road from Ringgold's corner, Chestertown, to Kennard Aldridge's gate.

That if the new bridge was not built the $90,000 would be expended on the Rock Hall Fairlee road.

This work will be commenced at once and a decision reached as to the bridge within a few weeks.

BIG FIRE IN STILL POND.

Fire broke out about 3 p. m. Thursday morning in the back part of Schofield's store at Still Pond. Its orgin is unknown. After completely destroying the Schofield corner building and contents of the store it jumped to the town hall used by Medders & Co., as an annex to their big store. The flames devoured the town hall and the large amount of furniture, seeds and store goods of Medders & Co. in the building before much could be saved.

The Parr building and Atwell building across the street both caught on fire, but were saved from destruction by the hard work of the citizens of the town who formed bucket brigades and subdued the flames.

The Town Hall was built in 1884 and was purchased several years ago by Medders & Co., as an annex to their store. This building and contents were valued at about $9,000 and insured in the companies represented by Messrs. William Clark, Joseph N. Wheatley and E. Thomas Massey for about $4,500.

The Schofield building was owned by Stavely & Bowers and was insured for about $800. The contents of the Schofield store was valued at about $4000 and insured in the companies represented by Messrs. Wm. Clark and E. Thos. Massey for about $2700.

A $600,000 MORTGAGE!

The largest mortgage and longest record ever recorded in Kent county was placed in the hands of Clerk A. Parks Rasin on July 13th. The amount of the mortgage was for $600,000 and the record made 46 printed pages.

It was given by the American Strawboard Co, of Chicago, to the First Trust & Savings Co, and Geo. N. Sherwin, Treas., of Cleveland, Ohio. The mortgage was upon thirteen different paper mills and pieces of property including the Chestertown paper mill. In the Chestertown paper mill and pond are 72 acres. It cost $35 to record this mortgage in Kent county and it also had to be recorded in thirteen other sections where the other properties of the American Strawboard Co. are situated.

Cows Drink Poison.—After drinking a quantity of poison used for killing potato bugs, a herd of five cows, owned by Eli R. Winika, died Tuesday at York, Pa. The poison had been left standing in a barrel in a potato patch. The cows made a raid on the potato patch, and, after devouring a number of the potato plants, drank the poison.
