HOSIERY

We are, as we have always been headquarters for hose. We have children's hose, the best that money can buy, for 15c per pair, or 2 pairs for 25c. They are hard to tell from the regular 25c a pair quality. We have a special grade of ladies hose, medium weight and great wearers, at 3 pairs for $1.0

CORSETS

The best advertisement on earth that a man can have is a satisfied customer. A lady whoever puts on a pair of Bon Ton or Royal Worcester Corsets is certainly satisfied and comfortable and she tells her friends and neighbors. That's the cause of our immense sale.

GROCERIES

This is the season of the year for parties and when giving one you always want nice things to eat. We have the best at all times. Why pay a high price for second grade goods when you can get the best here.

We use coffee as our leader. We have a special grade of coffee which are selling at 20c a pound and which cannot be duplicated at any other store for less than 25c a pound. Our 28c quality, our customers say, is as good as they are used to paying 35c a pound for. Try a pound, and if not satisfied no charge will be made for it.

Soliciting a trial to convince you am yours for business.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

DAIRY FACTS

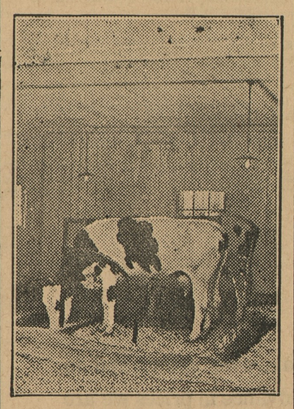

SPECIAL MILK GAINS FAVOR

Trade Name That Should Be Applied Only to Clean, Safe Product of Highest Standard.

(From the United States Department of Agriculture.)

In many cities there is a tendency to grade milk and sell it to the consumer upon its merits. Such a system is most desirable, as it enables dairymen who handle a high-grade product to obtain recognition for their care. It also enables the consumers to choose their supply on the absolute merits of the various grades. This is a sound commercial feature and one that is already recognized in nearly all other industries.

At the present time there are on the market numerous brands of special milks. The average consumer has only a hazy idea as to what is meant by special milk, but usually considers it to be in some way superior to the ordinary milk sold. Some milk dealers have considered that milk a little richer in fat should constitute special milk, while others have adhered to the

Sanitary Barns Which Have Much to Do With Production of Clean Milk.

principle that such a grade should be cleaner and safer than the ordinary grades.

A special milk may or may not be richer in fat than ordinary grades, but it certainly should be produced and handled in such manner as to be cleaner and safer than the ordinary grades handled by the individual dealer or by his competitors. In this way public confidence can be maintained and an increased price warranted. Dairymen are learning that it is good business to stand squarely behind their goods to see that all claims are fully substantiated.

If a special milk is to be sold as such its standard should be high and permanent, so as to result in increased confidence and increased demand from consumers. There is hardly any better way to create a demand than to produce and maintain a high grade, and this grade is to be termed "special," it should by all means be as safe as possible, from a health point of view, and not a mere trade name. Business depends upon the demand, demand depends on quality, and quality on the inclination of the man behind and the standard he wishes to set for his product. If special milk is to be included, it must be his best effort along his chosen line of endeavor, and to this end every milk dealer should be able and willing to set and maintain a high standard. At present in most cities only a very small quantity of special milk is handled, although it seems that the trade demands should warrant the sale of a great deal more.

FEEDING HINTS FOR A DAIRY

Change Calf's Ration Gradually—Silage Is Safe Feed—Sunlight Is Best Disinfectant.

(By H. P. HOSKINS, University of Minnesota.)

Put the calf on a skim milk diet when two to three weeks old. Make the change gradually, substituting a pint of skim milk for the same quantity of whole milk daily until the change is made. Increase the feed gradually until at four months old the calf gets 8 to 10 quarts a day, some grain and grass, clover or alfalfa hay.

You safely can feed silage to calves as soon as they are old enough to eat it. Be very careful not to give them moldy or decayed silage. Let them have all they will clean up. Yearlings will eat from 15 to 20 pounds a day, and if this is supplemented with some good clover or alfalfa hay very little grain is required to keep them in good, thriving condition.

Sunlight is one of the best and cheapest disinfectants. Ample provision should be made for letting plenty of sunlight into barns and sheds. Southern exposure is desirable. The warmth of the sun is valuable in cold weather, while excessive heat in summer may be avoided by using screens or curtains. Most disease germs are killed by direct sunlight.

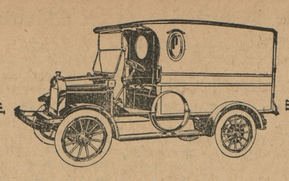

CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of Chas. H. Fletcher

$725 Complete; F. O. B. Phila.

Mr. Watson, like thousands of other merchants, is saving moremoney by using a VIM. He writes in part as follows:

"Gentlemen:—I formerly employed a number of horses and wagons, but I am now making my deliveries with one VIM Truck. I should say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."

THOMAS WATSON, 824 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM.

He has a graceful, "classy" car that is advertising his business.

He has a sturdy, durable, economical car that stands hard work.

And besides he is saving real money. **You can do the same.**
