HOSIERY

We are, as we have always been headquarters for hose. We have children's hose, the best that money can buy, for 15c per pair, or 2 pairs for 25c. They are hard to tell from the regular 25c a pair quality. We have a special grade of ladies hose, medium weight and great wearers, at 3 pairs for $1.0

CORSETS

The best advertisement on earth that a man can have is a satisfied customer. A lady whoever puts on a pair of Bon Ton or Royal Worcester Corsets is certainly satisfied and comfortable and she tells her friends and neighbors. That's the cause of our immense sale.

GROCERIES

This is the season of the year for parties and when giving one you always want nice things to eat. We have the best at all times. Why pay a high price for second grade goods when you can get the best here.

We use coffee as our leader. We have a special grade of coffee which are selling at 20c a pound and which cannot be duplicated at any other store for less than 25c a pound. Our 28c quality, our customers say, is as good as they are used to paying 35c a pound for. Try a pound, and if not satisfied no charge will be made for it.

Soliciting a trial to convince you am yours for business.

The following appeared in The "Philadelphia Inquirer" of last Sunday:

"Having managed the receipt and distribution of $40,000 as accountant of the Citizens Soldier Aid Committee at the Mayor's office, heard the true stories of distressed wives and mothers of soldiers and mourned with them over their dead bodies, Mrs. A. L. Woodruff, the secretary, asked Mayor Thos. B. Smith to be released from the work in order to begin a publicity campaign for increase of membership of the Pennsylvania State Bar Association.

"Sent by the committee to the Aid Committee last July, when its affairs were in confusion, Mrs. Woodruff straightened out the tangled accounts, although it was a month before the last of the lost vouchers was found which enabled a perfectly auditable report to be presented to the Mayor.

Mrs. Woodruff was before marriage Miss Mary Louisa Anthony, daughter of Mrs Jonathan Anthony, of this town, and has, as stated above, been connected with the Citizens Aid Committee since July, and will take up her new duties with the Lawyers Association as soon as released from present post.

Editor Hawkins, of the "Greensboro Free Press," Greensboro, Md., was in Chestertown Monday looking for a printer.

EXHIBITION AT GALENA

The exhibit of the Home Economics Clubs in the county will be held at the school house in Galena Saturday, October 28. The public is urged to come and inspect the work which has been done by the girls during the past year and encourage them by the interest manifested. The exhibit will consist of sewing, canned products, bread and poultry, with records of the work.

The work was organized in September, 1915, by Helen M. Comstock, County Home Demonstration Agent for Kent. There are clubs now in nine communities, with an enrollment of over 290 girls.

At this time the judges will name the three girls in the county who, by fulfilling the requirements stipulated and excelling in products, will receive the State prize, the trip to the Horticultural Exhibit at Baltimore November 14 to 18. Beside these three, arrangements have been made for other prizes, the money for which has been subscribed by various county organizations and business men in the communities represented.

The Boys' Corn Club, under the supervision of L. L. Burrill, County Farm Demonstrator, will hold their exhibit at the same time.

Girl Winners To Baltimore.

Miss Katharine A. Pritchett, Home Demonstration Agent in charge of Home Economics Extension, today announced that the prize-winning girls of Dorchester, Talbot, Kent, Harford, Frederick, Anne Arundel, Prince George's, St. Mary's, Charles and Allegany counties will be taken to Baltimore to join the prize-winning Corn and Potato Club boys in the welcome which the Monumental City intends to give the young farmers. The boys will accompany the girls on all trips after the conclusion of the State-Wide Home State Tour Wednesday, November 15. These side trips will be to Annapolis, Washington, and College Park, with a special day on Friday at the Fifth Regiment Armory, when prizes will be officially awarded all winners.

There will be three prize-winning girls from each of the counties organized. They will be entertained individually in homes of women connected with the Federated Clubs, both in Baltimore and Annapolis. The girls have two sets of prizes, one for gardening and one for canning vegetables and fruits. An agent and two assistants work among the girls, and this year there are 1580 girls in the clubs. In addition about 300 women have taken up the studies.

Maryland is one of the 33 states having established scientific instruction in home economics in connection with agricultural extension.

PLAGUE CASE IN STATE

No new cases of infantile paralysis in the city were reported to the Health Department Saturday.

One case was reported to the State Board of Health form Caroline county—that of Mrs. Helen Walls, 22 years old, of Henderson. Mrs. Walls was taken sick October 7. Dr. H. F. Silver, of Goldsborough, Caroline County, reports that she is suffering from a positive case of poliomyelitis. Dr. C. Hampson Jones, chief of the Bureau of Communicable Diseases, does not think, however, from the symptoms reported, that the woman was a victim of the plague. The case will be entered as a positive one until a further examination can be made.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.
