SATURDAY. NOVEMBER 18, 1916.

WILSON is elected beyond doubt. Mr. Hughes simply can't realize it—yet.

THE House seems to be Republican by a few votes.

BRYAN wants the Democratic party to put a Prohibition plank in their next platform. He will devote the next few years to making Democracy "dry."

IT is with pleasure we note that our friend, William E. Valliant, brother to Mrs. W. Walter Chapman, was elected county commissioner of Sussex, Del., last week by 250 majority. The entire Republican ticket was elected with the exception of Mr. Valliant and Mr. Frank W. Holloway, which speaks well for their popularity.

OF 255 women candidates for county offices in 92 of 105 counties in Kansas 151 were elected. Kansas now has 126 women holding county offices. 58 women were elected county superintendents of instruction, 36 registers of deeds, 25 clerks of district courts, 15 county treasures, 5 county clerks and 2 probate judges. Classified as to parties, there 92 Republican women elected and 59 Democratic.

Only 17 Kansas counties will not have women county officeholders, according to the reports.

FRIENDS of Congressman Jesse D. Price are not worrying over the reported intention of Robert F. Duer, Republican candidate for Congress at the recent election and who was defeated by Congressman Price by a plurality in the official count of 66 votes, to contest the election. A close friend of the Congressman's said that Mr. Price was not losing any sleep over the report that Duer was contemplating a contest, and that he knew that Price had sufficient information in his possession to send more than one of Duer's supporter's to the penitentiary if the right to his seat were attacked. This friend of Price's said: "Take it from me, there will be no contest."

FOR the interchange of ideas between the heads of the various town governments within 50 miles of Easton, Mayor Nichols is planning a municipal congress. Letters will be sent in which the plan is outlined, to the mayors of Salisbury, Cambridge and Chestertown, and the commissioners of Denton and Centreville, asking for their opinions of the plan. At first the county seats only will be asked to take part in the formulation of the plan, but later all towns of over a thousand inhabitants within the area embraced may be invited to send representatives to the meetings With the larger towns only entering the plan it will simplify the organization. After it is firmly established the entry of the other towns will be a simple matter.

THE Balti more city "wet" papers intimate that Prohibition is dead. Well, they'll find it the livest corpse that they have ever seen. More than that, the friends of temperance may well rejoice over the general advance of the movement in the nation instead of sulking over the set-back in the city. Dry men elected in Indiana, Florida and Utah foreshadow prohibition in those states by legislative enactments or through the referendum. In New York State about 600 saloons were voted out. By an overwhelming vote Washington and Colorado refused those "beer" amendments All the towns in Alaska voted dry. Michigan is in the dry column by 65,000 majority, Nebraska by 35,090, Montana by 20,000 and South Dakota by 25,000. Where is room for tears? With Washington and Frederick counties in Maryland voting dry and Havre de Grace cleaned up, there is no room for discouragement.

DUER TO ASK RECOUNT

Robert F. Duer, the Republican candidate fer Congress in the First district against Congressman Jesse D. Price, who was returned elected by about 60 votes, went to the city for a conference with Republican leaders, and announced that he would ask a recount of the ballots.

It is expected that Mr. Duer and Republican State Chairman Tait will take steps within a few days to institute a contest before the House of Representatives. The recent reports that the Republican vote in the House will exceed that of the Democrats, and that it may be in an absolute, though small, majority, have encouraged the Republicans to make a fight for Mr. Price's seat.

MILK PRICE SETTLEMENT.

The organized dairymen shipping milk to the Philadelphia market have won their first victory. The representatives of the dealers met the farmers' executive committee on Friday of last week and agreed upon a scale of prices to prevail for the next six months. This scale calls for 6 cents per quart to farmers f. o. b. Philadelphia, for the months of November and December and 5½ cents per quart for January, February, March and April. These were the prices agreed upon by the producers as representing the lowest figures at which there would be a profit under present conditions of production. The executive committee of the Tri-State Milk Producers' Association is deserving of the unanimous support of the diarymen they represent for securing a just price in the face of the opposition that prevailed three months ago. The educational campaign that has been waged was skillfully handled

"THE BEST EVER" was the general verdict on the Maryland Week exhibition of the products and resources of the State given this week by the thousands of men and women of the city and the counties who gathered at the Fifth Regiment Armory to admire and enjoy it.

THE official count in Delaware shows that the Democrats captured United States Senator, Congressman, Lieutenant Governor, Insurance Commissioner and State Auditor while Republicans elect balance of State ticket.

SABBATH OBSERVANCE

In another column is noted the fact that the merchants and business houses of Chestertown have agreed to observe the Sunday laws beginning this Sunday November 19th.

The NEWS extends its hearty congratulation to them on taking this step. How much better it is to be law-abiding because it is *right*, than because of fear of punishment. The officers nor the committee working to bring about a better observance of Sunday laws do not desire to use force and are endeavoring in a gentle and courteous manner to bring about the desired end.

Judge Orlady says, "The sanctity of Sunday as a holy day is an inseparable part of our fundamental law." Linc In adds this, "As we keep or break the Sabbath we nobly save or meanly lose the last best hope by which humanity rises." The desecration of the Sabbath is followed by a deterioration of morals. Every reasonable man will admit that outside of moral grounds, the observance of the Sabbath is essential to the well-being of every citizen, so that from every viewpoint we should obey the Sabbath laws.

Let's all join heartily and cheerfully in making Sunday truly the LORD'S day, as He has given us six days for our own use.

RAIN OR SHINE:

75 TO 100 HEAD OF CATTLE

OF ALL DESCRIPTIONS

I expect one carload of Cows from Charles county, Md., if my buyer can get enough to load a car of good cows before day of sale. If they come he says they will be a few of the best fresh cows and springers I ever sold. I sold several loads of these cows two years ago and they turned out to be exceptionally good milkers. Will also have 18 Holstein Heifers nicely marked and bred by two farmers that have been keeping Registered Holstein Bulls for several years, and will be sold here for the high dollar. Also 15 or 20 good fresh cows and springers that are sold for no fault, only because the farmers are too far from milk station and feed is scarce. Will be several good cows and heifers sent here by other farmers on commission, I know of three good Guernsey Cows will be sent. At my last sale I sold every cow and heifer but two, and the parties that sent them here wouldn't let them go at the price, but sold them after the sale to a dealer.

20 OR 30 HEAD OF

Horses, Mules and Colts

At my last sale I sold 31 head of horses and mules, but they sold very cheap as you know horses of all kinds are not in demand. I will sell anything you bring on commission if you can take the price. Will have a few dealers here to buy your horses that you must get off before winter, and some times you get every cent they are worth.
