Mr. Watson, like thousands of other merchants, is saving moremoney by using a VIM. He writes in part as follows:

"Gentlemen:—I formerly employed a number of horses and wagons but I am now making my deliveries with one VIM truck. I should say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."
THOMAS WATSON, 324 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM.

He has a graceful, "classy" car that is advertising his business.

He has a sturdy, durable, economical car that stands hard work.

And besides he is saving real money. **You can do the same.**

BETTY'S LIFE SAVED BY USE OF RED CROSS SEALS

She Was Taught How to Care For Herself After Her Mother Had Died.

"She was real pretty, and so full of fun that the dimples were always showing in her round, red cheeks." The visiting nurse of the Anti-Tuberculosis Society was talking. "Her eyes were big and brown and nut-colored hair curled naturally in little ringlets over her forehead and ears. She was just eighteen when we first met her and so neat and attractive that one would think she belonged to the well-to-do class of working people, but when we followed her to her home one day we confronted startling facts.

"The red in her cheeks was the flush of unnatural inward fever, the high spirits were a pitiful antidote to pitiless conditions, and the big brown eyes saw only squalor when they were not fixed upon a typewriting machine or closed persistently to any view but an imaginary bright one.

"The room we entered was a general living space, used also as an eating, cooking and sleeping apartment. There was but one bed, and Betty had to sleep in it with her mother, who was too weak to sit up. An open cuspidor sat where it would be conveniently near the bed, which placed it by the stove, where their food was cooked. The mother, who was suffering in an advanced stage of tuberculosis, did not like cold air, and her querulous demands caused Betty to keep the door and windows closed.

"'Well,' said cheerful Betty, with a laugh, 'that isn't so bad as not having any windows or doors to close, is it? Things might be worse.'

"'Infinitely worse,' said I. 'You might even take a notion to stuff the windows and doors with rags to cut out what oxygen comes in through the cracks.'

"Red Cross Christmas Seals, with their cheery message of hope, gave Betty a chance to get well after her mother died. Is it worth while to save the Bettys? Buy your share today."

HOW RED CROSS SEAL IDEA CAME INTO BEING

Originating In Norway, Method Was Taken Up Here Nine Years Ago.

Over $3,250,000 has been raised by Red Cross Christmas Seals in the last eight years, and yet many people who will buy these holiday stickers at this ninth annual sale do not know how this idea originated.

While Red Cross Seals really date back to the Civil War when "Charity Stamps" were first used, the first campaign to sell holiday stickers for the tuberculosis fight was only nine years ago in Delaware. Miss Emily P. Bissell of Wilmington read an article by Jacob Riis describing stamps used for tuberculosis work in Norway, and she conceived the idea of a similar plan here. Single handed, she launched a sale which resulted in $3,000 clear money. When Miss Bissell tried to convince the American Red Cross that this idea should be made national as a peace activity of that society, she met with opposition, but finally persuaded the authorities, with the result that on an investment of a few hundred dollars $135,000 worth of Seals was sold in 1908 and the great national campaign was launched. Since then the sale has gone forward by leaps and bounds, until now the Red Cross Seal is an institution in the United States, and offers to every one a chance to help in the people's fight against the people's disease. Last year over 76,000,000 Seals were sold, and this year the American Red Cross and The National Association for the Study and Prevention of Tuberculosis, who conduct the sale, are out for a 100,000,000 sale or $1,000,000 for the Tuberculosis War.

The policy on which the sale is conducted is that the money, except for the deduction of legitimate expenses, shall remain in the community where the Seals are sold.

RESTORED TO HEALTH BY RED CROSS SEALS

Holiday Messengers Bring Happiness to Homes Burdened With Tuberculosis.

Deserted by her husband, suffering from tuberculosis in a double form and supporting herself and young boy by her needle, the Anti-Tuberculosis Association in a Western city found an unfortunate consumptive, living in one room with two little beds—one for herself and one for her boy. Everything was clean; but, oh, so poor!

That was a year ago.

This morning she took a train for the state sanitorium, where she will have a chance to get well, while her boy is being cared for by the Anti-Tuberculosis Association with funds derived from the Red Cross Seal Sale.

Here is the story of another family where happiness and health were brought through the medium of Red Cross Seals:

Tuberculosis had made heavy demands upon the family, and the income had entirely stopped for several months. It was inevitable that they should run into debt for grocery bills as well as the rent. With such worry, anxiety and depression it is not always easy to find a silver lining in the clouds. The condition was recognized, however, by the visiting nurse, and the sick father was sent to a hospital, and proper care was provided for the others. Relief was also obtained, and now both rent bills and grocery bills are being gradually lessened each week. Each member of the family has had nursing care for some ailment or other.

Every Red Cross Seal sold helps to better conditions like these.
