Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."

The Internment Of Lieut. Comegys

On June 16th a transport arrived at New York bearing the bodies of many young men who had been killed in France. Among them was that of First Lieut. Edward Theodore Comegys, of the U. S. Air Service, killed in action September 18, 1918.

His cousin Arthur Fisher got permission to bring the body to Washington, D. C., where it arrived Friday, June 17th, and was placed in a vault in Arlington Cemetery. This was not a dark gloomy place as the world seems to imply, but a large bright room surrounded by trees and flowers. His parents and sister were allowed to sit with him for several hours on Saturday and Sunday.

On Monday the 20th he was taken to Fort Myer, Va., where he had trained. In the Chapel at Fort Myer, the burial service was read by Rev. Mr. Blake, of Christ Church, Georgetown, assisted by the Army Chaplain. Miss Goodwin, of Christ Church sang "I Know That My Redeemer Liveth," and "Peace, Perfect Peace."

Some of Lieut. Comegys' army friends, Colonel Lester Jones among the number obtained from the Secretary of War an order that high military honors should be paid Lieut. Comegys. So at the Fort, the casket was placed on a caisson draped with the flag, and drawn by six horses with trappings of dark red. A squadron of Calvary was sent as escort. The bearers (his boy friends) walked behind the caisson.

Winding along the beautiful avenues of Arlington Cemetery the grave was reached, where a large crowd was assembled, among them the Assistant Librarian of Congress, a delegation from the National Guard, a delegation from the Civic League, and a delegation from the Library of Congress.

GIRLS CAMP A GREAT SUCCESS

Time Well Spent In Recreation and Instruction In Home-making.

One of the largest County Camps held by Club Girls in the State was held last week by the Girls' Clubs of Kent county at Washington College under the direction of the County Home Demonstration Agent, Susan V. Hill.

The time was given up solely to recreation and instruction in home-making and leadership. Miss Elizabeth Brown, of Chestertown, assisted by the group leaders Miss Frances Morris, Miss Sarah Seney and Miss Hope Hicks had charge of the recreation. Demonstrations and lectures were given on the following subjects: "Personal Hygiene," Mrs. Marion Bell of Maryland University; "Poultry," Mr. Thomas D. Bowers of Chestertown and Mr. John Moffett of Lynch; "Organization," Miss Alice S. Jones, Assistant Girls' Club Agent and Mr. E. G. Jenkins, State Boys' Club Agent; "Story Telling," Miss Minnie Hicks of Chestertown; "Club Songs and Yells," Peter W. Chichester, Assistant Boys' Club Agent.

On Monday the girls visited the large poultry farm of Mr. Claude Truslow. To see an incubator with a capacity for 85,000 eggs was a treat to all the girls.

On Tuesday afternoon a visit was made to the postoffice and the telephone exchange, the printing office and the home of Mr. and Mrs. Herbert E. Perkins on Queen street and Mr. and Mrs. P. A. H. Brooks on Washington avenue. In visiting homes the girls were given a talk on beautifying the home by Mrs. Hill.

One of the most inspiring features of the week was a Girls' Club meeting held on Tuesday afternoon with Miss Kathryn Smith, of Fairlee, presiding. Miss Elizabeth Sutton of Locust Grove acted as secretary. Every club in the county was represented and in this meeting each club gave a written report of the work accomplished this year. One of the finest reports read was a report of the Fairlee club who reported 250 chickens raised and 33 garments made. All clubs reported progress and showed enthusiasm for the work.

Wednesday the last day of the camp was known as Boys' and Girls' Club Day. It will long be remembered by the scientific Dr. Scholl's Foot Comfort Appliances or Remedies. And this is the week to come; we're observing

Children Cry for Fletcher's CASTORIA

It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

STOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

When these men have tried most everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know what not to get.

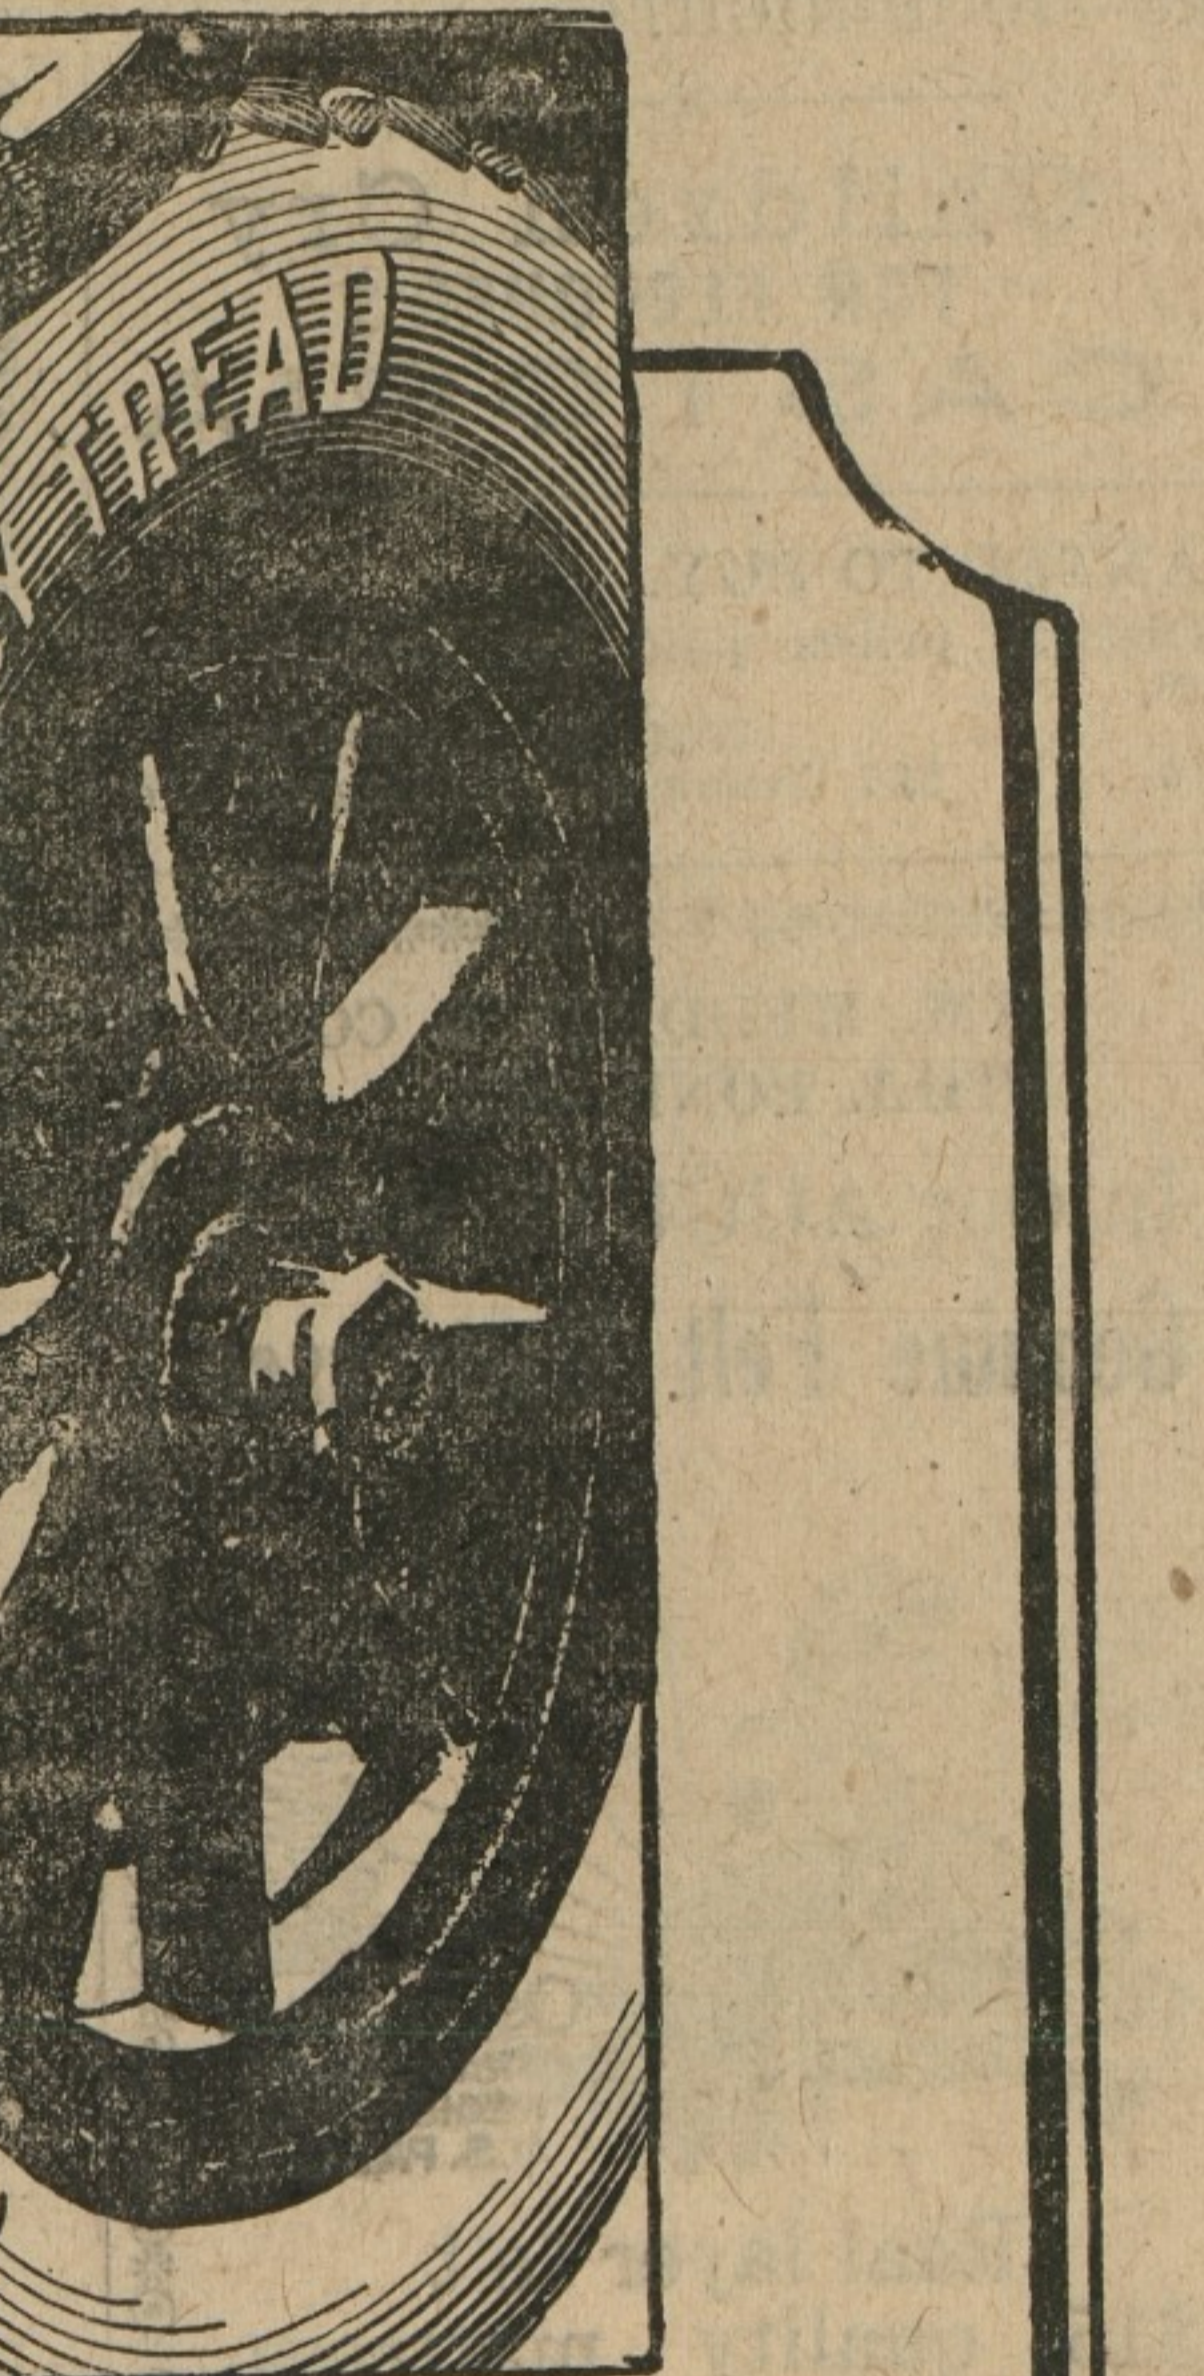

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service.

Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires. Sold to you at a net price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

When they Call it an "Orphan"

An orphan in automobile talk is a car that is bought from some person not able or disposed to guarantee service and satisfaction to the owner.

The term recognizes the specific value that a good dealer gives to any car he sells.

We recommend the Willys-Knight. No car we sell ever becomes an "orphan".
