

### A Storage Battery IS THE Heart Of An Automobile Because It Starts and Lights the Car

Some Storage Battery Manufacturers guarantee their product for a longer time than others, but practically speaking the guarantee rests with the dealer from who you buy your battery because the dealer is the connecting link between Manufacturer and Consumer.

### The Power and Pep of a New Car—with Pedricks

There's a world of power in that machine of yours, waiting for you to bring it out.

But you can't expect to get it if your piston rings are faulty. The best efforts of a good motor count for nothing if there is leakage of oil and gas in the cylinders. Lost power, smoke and carbon is the result instead of clean, smooth running.

Pedrick Rings are made by a new process that insures perfect fit against every part of the cylinder wall. They stop the leakage in a way no other rings can. They put to work every ounce of energy the engine produces. They put an end to engine trouble, carbon and fouled cylinders. They will put pep and power into your motor and make it pull like new. By actual test, 98 per cent. of all piston leakage is past the face of the ring and around the back; only two per cent. of the leakage is through the joint. Pedricks once and for all overcome this leakage past the face and behind the back of the ring. They fit the cylinder around its entire circumference, and exert an even pressure at all points. They have no side twist and are accurately ground on all sides, thus preventing leakage past the back. All internal stresses have been removed by annealing, so that Pedricks retain their original shape permanently, regardless of operating conditions. They are concentric, filling the piston grooves to the same depth all around, eliminating the oil-trapping, carbon-collecting pockets always present behind the thin part of eccentric rings. Pedrick True-Fit Piston Rings are sold under an ironclad guarantee of satisfaction. Put Pedricks on your pistons and know what it means to get full driving power out of every gallon of gas.

Pedrick True-Fit Piston Rings are sold under the unqualified guarantee that they will produce more power, save more fuel, save more oil and have more effect in reducing carbon and smoke than any other piston rings made. The customer will be the sole judge. If he is not satisfied that Pedrick True-Fit Rings make good all claims, the dealer is authorized to refund the purchase price any time within six months from date of sale, and the manufacturer will refund the dealer's money without question.

### \$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

#### BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-Servicemen Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920, the American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$6,000,000. It is in the 2,289 of the 3,600 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,600,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

An Ever Expanding Problem That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,397 Red Cross Chapters regard it as their most important work is evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nationwide. At the end of the fiscal year, June 30, 1921, there were 26,300 disabled service men in the 1,682 United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men receiving medical treatment, compensation and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

Many Forms of Assistance If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents.

Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given average of one kind or another to a service of 129,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 356,544 requests for friendly aid in the solution of personal problems.

448 Workers in Hospitals While the man prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

It handled 70,732 allotment and allowance claims.

It delivered through its Chapter organization 63,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance.

It provided a special fund of \$10,000 for medical assistance to men under vocational training.

It made 32,495 loans totaling \$450,000 to men taking vocational training, of which 55 per cent has been repaid.

### SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenwood, W. Va. — "For seven long years I suffered from a female trouble and inflammation so that I was not able to do my household work. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound, so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own household work. I can gladly recommend Lydia E. Pinkham's medicine to suffering women." — Mrs. BERTHA LIERING, R. F. D., Ravenwood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

pratt Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

## The Best Gasoline Costs no More

**D**URING our many years' experience in producing gasoline we have discovered that the proper blending of basic crudes is necessary for a well-balanced fuel. And our access to practically every developed oil field has insured full utilization of the various types and grades of crude in exactly the proportions needed. The improved "Standard" Motor Gasoline is produced through the efforts of our Development Department experts. These men have devoted their lives to the study of oil refining and the relation between the properties of oils and the uses to which they are adapted. "Standard" Motor Gasoline represents the fruit of

their years of painstaking experimentation. It is uniform in quality, quick-firing, clean-burning. It is the best gasoline obtainable, and costs no more than any other. The consistent use of "Standard" Motor Gasoline will go far towards correcting many of the more common difficulties of motoring. If your engine overheats or gives off vile exhaust gases, if your cylinders miss or carbonize quickly, if the oil in your crankcase becomes diluted, it is probable that you have been using the wrong gasoline. Fill up with the improved "Standard". On sale wherever you see the familiar "S.O." sign. Remember—it costs no more.
