NEW COMMANDER

MAJOR HENRY D. BALE

Assigned To Baltimore In Charge Of The Chesapeake Division Of The Salvation Army.

Major Henry Davey Bale, new divisional commander of the Chesapeake Division of the Salvation Army, who has recently come from Minneapolis, has had an extensive career in Salvation Army work, which really dates back to his birth as his parents were both Salvation Army officers.

He began his commissioned service in England, where he served eight appointments. Afterwards received and served nine appointments in Canada covering a period of eighteen years.

Since being transferred to the United States, Major Bale served in Chicago prior to being stationed in Minneapolis, where he made an enviable record in bringing his territory into considerable prominence. Commendations were showered upon him and promotion to command of the Chesapeake Division with headquarters in Baltimore followed. Major Bale hopes to make the Chesapeake Division the banner division of the East and since his arrival all the evangelistic work has received a decided impetus.

BOY BANDS

What live boy does not sometime wildly crave to play in a band?—try out his ability on cornet, flute or drum. Many a man is now in Salvation Army ranks because when he was a blase bored, restless, street gamblin, some big hearted Salvation Army Officer sensed the cry of a soul for music and coaxed him into the hall, first to hear the other fellows play and later invited him to try to make a noise himself. No normal boy could resist the chance because in his innermost heart he is certain that he could play just as well as any fellow in the bunch if he had half a chance to try.

The Army gives them not only half a chance but a whole chance over and over again until before they hardly realize it they are able to play and play well. The regular practice keeps them off the streets, away from gambling dens, out of craps shooting and fighting and surrounds them over those periods at least with uplifting influence. By and by they get into the uniform, and though other interests beckon, the bands hold them when every other appeal fails and many of them not only cling to this Association as Soldiers, but eventually become Salvation Army Officers. This is another splendid type of preventative work which reaches and appeals to boys from ten to fifteen, many of whom actually beg for the privilege of joining.

In Baltimore, Captain Albert Turkington, skilled band leader, who has recently been transferred from the South, is already finding his corps hall a magnet to the boys of the neighborhood eager to join his band which is already about twenty-five in number. Instruments and uniforms are provided for these players and along with the playing, they are also encouraged to sing, for the Army believes in music and plenty of it.

On its Roster at the present time in the United States there are 9,422 bandsmen and something like 25,000 songsters.
