### EASTMAN KODAKS AND KODAK SUPPLIES

Ordinary photography gives you one thing—the picture. Autographic photography gives you three things—picture, date and title. Obviously enough, autographic photography is possible only through an autographic camera and this feature is exclusively Eastman.

With an Autographic Kodak or Autographic Brownie used with autographic film, the date and title of the picture may be photographically imprinted on the negative margin at the time of the exposure—a permanent identifying record without interfering with the usual operation of the Kodak in any way, without entailing extra expense of any kind the autographic feature stands ready to render you important service at all times, and in connection with at least two types of pictures, a service that is invaluable.

### JOHN G. WOOLEY DIES IN GRANADA, SPAIN

John G. Wooley, of Madison, Wis., former Prohibition candidate for president of the United States, died at 11.15 o'clock Sunday morning, August 13, after an illness of some days, due to a cerebral attack. Mr. Wooley passed away before the arrival in Granada of members of his family.

### CRUISE OF THE RIVERSIDE YACHT CLUB

The fifth annual Chesapeake Bay cruise of the Riverside Yacht Club of Ensignton, Pa., came to an end shortly after noon Saturday, when the combined fleet of yachts from the Delaware river left the anchorage for Chesapeake City, the entrance to the Delaware and Chesapeake Canal.

The cruise will go down in history not as the largest nor the longest in the history of the function and of Delaware yachting, but as probably the best organized and engineered outing since the war. There were 27 boats taking the ten-day outing, and although there were some defections, at no time did the cruising fleet fall below 17. This was true, despite the fact that some of the running was in very shallow waters, which the boats of larger draft in the fleet would not risk.

Wednesday the fleet ran to Havre de Grace, Port Deposit and to Georgetown-Fredericktown, in the Sassafras river.

At each point there was a party of some sort. But the outstanding affair was during the two-day layover in the Sassafras. The entire cruising party, numbering well over 150 persons there, gathered on the steamboat wharf at Fredericktown on Wednesday night.

With the Riverside Orchestra in operation there was a dance, and some impromptu ston staged, as well as the organization of the now-famous order of "Pirates," with Miss Dorothy James inaugurated as Queen and Eddie Baltier as King. Both reigned supreme throughout the balance of the cruise, while the membership in the order leaped to include almost everybody. They held another gathering Thursday night on the same wharf.

At Charlestown, the splendid time shown the fleet by Eugene T. Lucas, the Philadelphia yachtsman, who has a handsome estate opposite Charlestown, and by Mr. and Mrs. Percy Garrett at their home Monday evening, met with a great reception by the yachtsmen. All hands were more than pleased with the party there, and turned out for the affairs.

#### GUNNING SEASON OPEN SOON

Kent county hunters are preparing for the gunning season which opened Wednesday, August 16, when it was lawful to shoot yellow-legs, black-breasted and golden plover. Under a new law, passed at the last session of the Maryland Legislature, the squirrel season opens this year on Sept. 1 and remains open until October 15. From October 15 to November 10 it is lawful to shoot squirrels, but the season re-opens on November 10 at the same time it becomes lawful to hunt birds and rabbits. This year each hunter who purchases a license will be furnished a tag which must be worn on an outer garment, between the shoulders, while hunting. The license must be in possession of the gunner and the tag must be fully displayed while hunting. Penalty for violation is \$15 and costs.

### DOES IT PAY TO FERTILIZE?

Tests of Agricultural Stations have proven that by the use of good, commercial Fertilizer you can double your crops, and that one dollar invested in Fertilizer will bring an increase of many times the amount expended. You can cut your acreage practically in half and by fertilizing produce just as large yields. This means a saving of one-half on your labor, implements, etc. By continuous farming of lands you have worn out the soil, robbed it of its plant food. Then, to grow profitable crops, you must use a good quality fertilizer which contains the necessary plant food. Royster's Fertilizers are specially prepared to fill these needs. Royster's have stood the field tests for forty years with highest results. Ask your dealer for Royster's or write us.
