Literally A Feast of Bargains

The distribution of our Stock to the homes of people started last Wednesday.

The public was certainly alive to the stirring opportunities and they will be again Monday and all of the next six days.

The opportunities are broad—they are big—they are individually and collectively convincing—to the point causing you to exclaim, "this is the best sale I ever attended."

Among many families this sale has come to mean one of the biggest shopping events of the year—an event that can't be surpassed by any store in this community for sheer value giving.

We want every reader of this announcement to notice the extraordinary reductions on Staple Standard Merchandise that is known from one end of the country to the other.

Compare our prices with those of the biggest stores in the State. Another thing we don't limit the amount that you may buy. There is no bait in this adv. We want you to buy all you need, and this is your big opportunity. Take advantage of it, but remember there is ONLY SIX MORE DAYS and then it is all over—we are through, as never could we afford to sell at these prices after Saturday, January 19.
