DODGE BROTHERS ROADSTER

Important Improvements in the Construction of Dodge Brothers Motor Cars

CONVENIENT GEAR SHIFT ARRANGEMENT

The hand gear shift lever has been moved forward, thus allowing easy access to the driver's seat. The throw of this lever hns been shortened to faciliate easy gear shifting, while a strong spring prevents the lever from rattling on its seat. A lock built in the transmission locks the gears in the neutral position. This lock has been approved by the Underwriters' Laboratories.

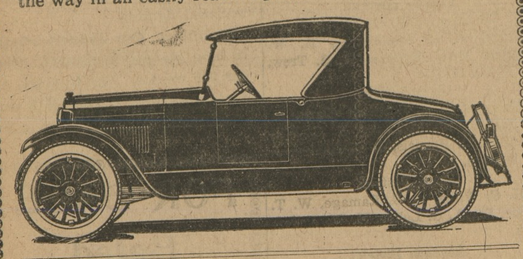

ATTRACTIVE STEERING WHEEL AND HAND CONTROL

The steering wheel is of moulded fibre construction and holds the spider firmly without the aid of screws.

The spark and hand levers are shorter, conveniently located, and are retained by friction on a handsome nickle quadrant. The horn wire is now carried inside the steering column.

ACCESSIBLE BRAKE CONTROL

The hand brake lever has been moved forward out of the way in an easily reached position.

Sachs' Shoe Store

ANNOUNCEMENT

Having entered the wholesale shoe business in Baltimore City, we have decided to continue the operation of our retail shoe store in Chestertown, Maryland.

THE PUBLIC WILL BENEFIT

This means that we have declared WAR on Shoe Prices and the people of this section will have an opportunity to buy their shoes here at WHOLESALE PRICES.

NEW SYSTEM

Our store room is now being re-arranged for the new system; tables have been provided for all shoes which will be piled up by the hundreds, consisting of small lots, discontinued styles, broken sizes, etc., at rediculously low prices.

NEW STYLES

All the latest spring creations which are being shown in the best city stores, will be quite in evidence here, they will come in just as fast as can be produced in the factories.

FROM FACTORY TO YOU

All of our shoes will be priced at actual wholesale cost—FROM FACTORY TO WEARER. Come in and look around, you may find just the shoe you are looking for on our tables at your own price.

INSURANCE

OF ALL KIND

Concerning The Use Of Church

St. Augustine, Fla., March 6, 1924.

To the Editors of the Kent News:

Gentlemen: In your issue of Feb. 23rd you speak of a Spelling Bee having been held at Emmanuel P. E. Church. Allow me to correct this. The Protestant Episcopal Church is a building erected, and consecrated solely for the worship of Almighty God, and is not and cannot be used for any secular entertainment whatever. The Spelling Bee was held in the Parish House of the Church and the Parish House is entirely a separate building, erected for the use of the church, that is for the Sunday school, for lunches, at the time of the conventions, for suppers, bazaars and for any entertainment for the benefit of the church. It is (for convenience sake) connected to the church by the tower room. It has been dedicated or set aside (with prayer that it may be put to its proper use) for this particular church. It was never consecrated or set apart for the holy worship of God, though services can be held there just as in our homes.

Will you kindly publish these notes, as I have frequently been asked by our methodist brethren the Parish House and Church were not the same, to which question I emphatically answer no. Very truly yours,

M. C. RINGGOLD,

Formerly of Chestertown.

FIRST OF HUNGARIAN PARTRIDGES ARRIVE

A shipment of 135 Hungarian partridges, the first consignment of 1,000 birds purchased in England by the State Game Department, arrived last week.

The partridges will be set free in various parts of the State. As there will be a breeding season before hunters are allowed to shoot them, it is expected that there will be several thousands of the birds by fall.

E. Lee LeCompte, State Game Warden, explained that the introduction of the birds in Maryland is an experiment. It is not certain, he said, that they will thrive in the Maryland climate, but as it is milder than the English climate, it is believed that they will become adapted.

The birds will cost about $7,000. The market price for them is $7 each in this country. The English shipper is paid only for the birds that arrive in New York alive. In the first shipment eight birds were dead.

A MARCH BLIZZARD

This section was visited by a March blizzard Tuesday and the previous night which did much damage. As a result of the damage to wire lines, isolated much of the Eastern Shore of Maryland. The wind was accompanied by rain and snow.

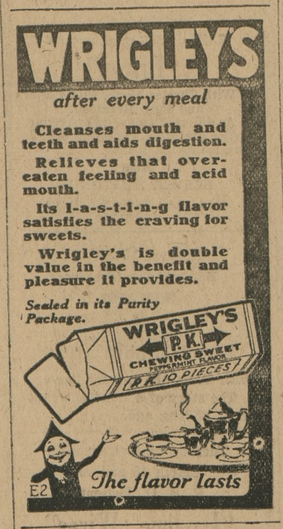

The severest blow, it appeared had been dealt the Bell Telephone Company lines. Some time during the night, presumably during the heaviest blow, 20 poles near Chestertown, 31 of the company's poles between Middletown and Smyrna were down or otherwise put out of commission. Many other poles were down in other localities.

The manager of the local office of the telephone company, said, that from 100 to 150 poles were believed to be out of commission in this section. The lines from Middletown to Millington and Chesapeake City, Md., were also out.

It was the 36th anniversary of the 1888 blizzard and the 15th anniversary of that of 1909.

There were three trees felled in Chestertown.

Charles Jarrell, of near Starr, has a ewe that gave birth to four fine healthy lambs one day last week. The lambs are all living and thriving nicely. Owing to the mild winter most of the farmers have had exceptionally good luck with their lambs this season.
