## GOV. SIGNED 604 BILLS

Gov. Ritchie on Wednesday vetoed 65 bills passed by the Assembly. In each case he made a written statement of his reason. The Governor has won a reputation for fair dealing and protecting the public against the effort of "grabbers" to get into the State Treasury.

He signed only one measure affecting the State tax rate that was not in his original program. This provides $25,000 a year for temporary relief of indigent World War veterans and adds one-seventh of 1 cent to the tax rate. The State tax rate as finally fixed follows:

For the year 1925—27 12-35 cents.
For the year 1926—27 12-35 cents.
For the year 1927—27 11-28 cents.

He also signed the bills providing State loans of $110,000.00 for St. John's College, $100,000.00 for Washington College and $125,000 for Western Maryland College, in an effort to make these institutions self-supporting.

Among the important bills signed were the Constitutional amendment paving the way for a soldier bonus in 1927.

## DON'T WORRY OR FRET

In plain old-fashioned worry is found the greatest fault of modern women.

There are a large number of women who worry so much over the cooking that they fail to enjoy the eating. They worry so much over keeping house that they fail to make a home. They worry so much about making a living that they forget to make a life.

Worry accomplishes nothing and relieves not, but only adds to our trouble. It causes us to lose the best there is in life and prevents us from giving our best to others.
