The Salisbury sub-station of the Maryland State Police is to be closed temporarily, according to announcement just made by Colonel E. Austin Baughman, Commissioner of Motor Vehicles and Commanding Officer of the Police Force.

At the same time he explained that the action taken does not mean that the counties of the Eastern Shore are to be without police patrol and highway protection.

Due to the shortage of officers, following a number of resignations from the force and pending replacement to the full quota allowed by law, in May, when a new draft of State Officers will be sworn in, it was felt by Colonel Baughman that every officer available should be on the road.

While the sub-station is closed those desiring information or other service formerly obtained there should call the Baltimore headquarters over the phone, Plaza 0267, or write to the Commissioner of Motor Vehicles, St. Paul and Saratoga Sts., Baltimore, Md.

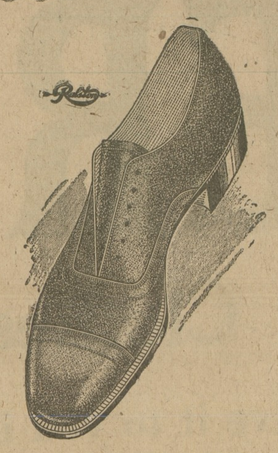

Deputy Game Warden Elliott, of Easton, made another arrest this week for violating the fish laws, the party arrested having undersized fish in his possession. The State Game Warden has given a ruling on the construction of the general and local fish laws regulating the size of fish that may be caught during May and June, the extreme weight not to be more than twenty pounds. This is the general law which has precedence over the local law which prescribes 12 pounds.

TOMATO SEED

The first important step to insure a good crop of Tomatoes is to get good seed.

Experts tell us the best Tomato Seed grown in this country are grown in Michigan, because there is less "wilt" in Michigan than in any other State.

For a number of years now w have been selling this "Michigan" grown seed and we and our customers are fully convinced of their quality. They produce better CROPS, they run TRUE TO NAME, and they cost no more money than many of the seed that are offered whose origin is unknown.

All the standard varieties in this Michigan Seed are offered while they last at $2.50 per pound.

We can refer you to many of our customers who can tell you the value of this particular seed.

If you want cheaper seed we have some good Delaware grown seed in Greater Baltimore and New Stone that we can sell you at $1.50 per pound. These are good seed for native grown stock and run very true to name.

Our Garden Seed stock is very large and our prices are lower than present market would afford. Come see us when you want seed of any kind.

They All Praise Buick

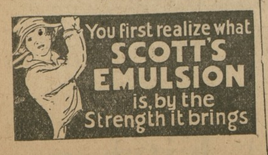

Ask any garageman, any mechanic, in fact, any person who knows motor cars, what he thinks about Buick. Invariably he will tell you that Buick is a thoroughly good, high grade and dependable automobile and that a person makes a genuinely satisfactory investment when he buys one. Then ask the Buick owners you know what they think about Buick. Do these things and you will quickly understand why Buick has sold over one million motor cars and why you, too, should own a Buick.
