# DODGE BROTHERS ROADSTER

**Important Improvements in the Construction of Dodge Brothers Motor Cars**

CONVENIENT GEAR SHIFT ARRANGEMENT

The hand gear shift lever has been moved forward, thus allowing easy access to the driver's seat. The throw of this lever hns been shortened to faciliate easy gear shifting, while a strong spring prevents the lever from rattling on its seat. A lock built in the transmission locks the gears in the neutral position. This lock has been approved by the Underwriters' Laboratories.

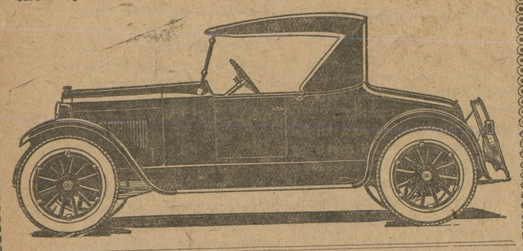

ATTRACTIVE STEERING WHEEL AND HAND CONTROL

The steering wheel is of moulded fibre construction and holds the spider firmly without the aid of screws.

The spark and hand levers are shorter, conveniently located, and are retained by friction on a handsome nickle quadrant. The horn wire is now carried inside the steering column.

ACCESSIBLE BRAKE CONTROL

The hand brake lever has been moved forward out of the way in an easily reached position.

## BASE BALL NOTES

Washington College defeated the Walbrook Athletic Club, of Baltimore, in the first game of the season by the score of 5 to 1 last Saturday. The visitors got their only run in the third inning, while Washington collected two in the third and one in the fifth and two in the eighth. Hickman pitched the first five innings, allowing only five hits, which were all scattered. Walbrook scored its only run in the third when the bases were full and two out, Middleton was walked, the next man struck out. McGran allowed only one hit in three innings. Simmons completed the work for Washington by retiring Walbrook in the ninth inning without a hit. Washington collected six hits off Towner, Carrington getting three of these.

Washington College defeated Temple University in a listless game on Monday, 10 to 2. The Washington team hit well and made them count for runs.

Coach Kibler made several shifts in his lineup in order to try out the new material and all showed up to advantage. Simmons, starting his first game, pitched in masterful style and kept the visitors' hits well scattered. Carroll relieved him in the ninth and worked well during his brief stay on the mound.

Smoot, the freshman flash, carried off the batting honors, making three lusty wallops, two doubles and a single. McGran also was in the spotlight with two hits, while Johnny Chapman, of Mt. St. Mary's fame, got a slashing triple, but was thrown out trying to stretch it to a homer.

## IN MEMORIAM

In fond and loving remembrance of our dear son, A. Earle Smith, who passed away July 30, 1923. You suffered much. You murmured not.
We watched you day by day
Until at last with broken hearts,
We saw you pass away in a quiet graveyard,
Where the trees their branches wave
Lies our darling son, in his cold and silent grave,
Friends may think we have forgotten him,
But little do they know the sorrow
That's in our hearts concealed.

By His Heart-broken Mother.

## Townsend Road To Maryland

Within a short time work of pouring concrete for the new road from Coldwell which designates the boundry line between Delaware and Maryland, to a point near Georgetown will be started and the job will probably last three or four months, according to the County Engineer who is located at Chestertown. When this section of road is completed there will be a continuous hard surface highway from Townsend to Chestertown and Betterton. The Delaware end of the highway was finished last fall and during the winter the Maryland officials had a force of surveyors engaged in maping out the course of the proposed route which is to be a great convenience to motorists and others—Smyrna (Del.) Times.

## Ford Breaks Production Records

Retail deliveries of Ford cars and trucks in the United States during the month of March reached the record-breaking total of 205,735, it was announced by the Eastern Shore Auto Company this week.

Nothing in the history of the automobile industry compares with this remarkable record.

A significant feature developed during the last ten days of the month, indicating that the spring buying rush is begun, and that under this enormous demand production of the company will be taxed to the limit in an endeavor to meet the heavy flood of orders.

The Chestertown plant sold 35 cars in March and up to this time have sold 15 cars.

## Muskrat Skins Go To $2.14

More than 1,000,000 muskrat skins were sold at the annual spring fur auction, prices ranging up to $2.14 for the best Northerns in New York on Monday.

The remainder of the mink collection was sold at prices from 10 to 25 per cent above the winter sale, export buying of the darker mink, especially for France, keeping the prices up. The largest price advances were for Eastern and Eastern Canadian skins and also Northeastern Canadian and Alaskan pelts.

## THIS WOMAN'S MARVELLOUS RECOVERY

**All Due to Lydia E. Pinkham's Vegetable Compound**

Truman, Minn.—"I was badly rundown, had pains in my side and back; sometimes I could hardly move around in bed. My husband got me Lydia E. Pinkham's Vegetable Compound, and after taking it I was so much better I could doall my work again. I do my housework, have a garden, raise chickens, and in harvest time I worked in the field and helped pick corn. Sometimes I do chores and milk. I took the Vegetable Compound before and after my four-months-old baby was born, and it has always helped me wonderfully. I believe there is no better medicine made for women, and I hope every woman will give it a fair trial."—Mrs. AUGUST R. WIEDERHOFT, R. No. 2. Box 84, Truman, Minn.

Women suffering from troubles so common to their sex should give Lydia E. Pinkham's Vegetable Compound a fair trial.
