Educational Department — Kent County Maryland

ALICE FLORER, EDITOR
Supervisor Elementary Schools Kent County, Maryland

AUTHORIZED AND APPROVED BY
MR. L. C. ROBINSON, County Sup't Schools, Kent County, Md.

County-wide Meeting of Parent-Teacher Associations of Kent County. William Smith Hall, Washington College, April 26th, 1924.

Every member of every P. T. A. and all other patrons and friends of Education of Kent County Maryland are cordially invited by County Superintendent Louis C. Robinson to be present at a meeting on April 26th, 1924, at William Smith Hall in Washington College at 2:00 P. M.

Dr. Albert S. Cook, State Superintendent of the schools of Maryland, will be present at this meeting and will give the address of the day.

Some of the P. T. A. members have signified their desire and their intentions to make an effort to have all their members present at this meeting. This is most commendable and we are hoping that each organization in the county will make special effort to urge their members to accept this invitation and thus have 100% of their members in attendance.

This will be an opportunity to talk over objections for the coming year. The P. T. A. has ceased to be an experiment; it is a distinct asset to any school. Perhaps if we all get together, compare activities and plan for work next year, we may be able to increase our numbers, our activities and service to our schools.

Come out and listen to Dr. Cook, who is intensely interested in P. T. As. as an asset to the schools of Maryland which is indirectly a wonderful help to the boys and girls of Kent County.

Kennedyville

Reported by Mrs. Ida S. Parks.

A large box of oranges containing enough for the entire school was sent by Mr. Hugh Hartman from Rockledge, Florida. Teachers and pupils enjoyed them very much and extend thanks to Mr. Hartman for his extreme kindness. Note: The editor of this department had the honor of being present when the orange box had just been opened. They were of a superior quality and we appreciated being able to enjoy them with the teachers and children. It was certainly kind of Mr. Hartman to remember the Kennedyville school.

A box containing Florida moss sea shells and star fish was also sent to the school by Miss Edith Hartman and was greatly appreciated. We extend thanks to Miss Edith.

Some of the bird houses made by the children of the elementary school already have birds in them. The children are very much interested in watching the birds build their nests.

The girls of the school are organizing a base ball team and hope to beat the boys in the near future. Knickerbockers will be in evidence.

St. Paul

Reported by Mrs. Milded K. Crouch.

The P. T. A. held their regular monthly meeting Friday, April 4th, Tuesday being such a stormy day. After a short program by the children, the business meeting was held.

Mr. Poole very kindly donated a flag pole to the school. Song books were bought from the school fund and plans were made to hold a pie social at our next meeting, Tuesday, May 6th. Tickets will be sold at ten cents each and pie served to every one present. The Poole orchestra will furnish music.
