Kent News

SATURDAY, MAY 10, 1924

Harrison W. Vickers, Esq., Dr. Merritt Brice and Capt. Charles R. Kerr appreciate the confidence reposed in them by the voters on Monday. It was a great and glorious victory for the Organization and proves what can be done when the Organization moves in solid line against their opponents. They had an up-hill fight but came out victors.

The public is especially gratified at the success of Mr. Vickers who was made to bear the brunt of the fight just as Mr. Copper was shouldered with the fight of the Antis.

One of the pleasing features of the result is the fact that most of the people of the Old Fifth showed their gratitude to those who were their friends. The fishermen and oystermen of the Old Fifth did not forget the man who was willing to sacrifice a $5,000 job to protect their livlihood. They and other parts of Kent gave a rebuke to those who failed to help keep the only Democratic State official Kent had. Some one says, "Gratitude is a virtue most defied and yet most deserted; it is the ornament of rhetoric and the label of practical life." It is refreshing to witness an evidence of gratitude on the part of a people, such as was shown Monday. Let's have more of it.

New School Commissioner.

Robert R. Hill on Tuesday, day after the primaries, received his commission as a member of the Kent County Board of Education for five years, vice Wm. G. Smyth. Mr. Hill is a native of Montgomery County, Pa., born November 12th, 1873; came to Kent County with parents in 1880. Educated in the public schools and Washington College, Chestertown. Has always engaged in farming. Was elected to the office of register of wills in 1915. Mr. Hill resides at Kennedyville. Was married to Miss Ada S. Hebron January 8, 1918, and has one son, D. Raymond, who resides near Kennedyville.

The News last week predicted this appointment which is purely political. We have always classed Mr. Hill our friend therefore our reference to him has no personal significance. He has been reared in politics, dreams of politics and looks at questions from the political viewpoint. Governor Ritchie and his advisers in Kent knew of this when he named Mr. Hill and the object is to inject something in our school affairs which has not been there since the Antis turned out all Organization members of school trustees because they were not of their mark.

Wm. G. Smyth has made a faithful and efficient official, untiring in his zeal to better public education and school conditions generally in the county and it is amazing to his many friends and those who have the school's best interest at heart that the lengthy and numerously signed petition presented on his behalf to Gov. Ritchie should have received such scant consideration. This petition was circulated by the Parent-Teachers' Association. It is to be hoped that Mr. Hill will rise above the purely political and help continue our schools on the high plane which he finds them under Messrs. Skirven, Davis and Smyth.

E. Austin Baughman began his third term of office as Automobile Commissioner for Maryland Thursday. The office was created in 1910, when $100,000 was collected from licenses. Last year $3,500,000 was collected in Maryland for automobile licenses.

Provision for a flat $300-a-year increase in the salaries of clerks, carriers supervisors and inspectors was kept in the postal salary bill by a vote of 8 to 7 in the House Postoffice committee Wednesday afternoon.

The revoking of the operators license of all automobilists convicted of driving while under the influence of liquor, for at least a year, and in flagrant cases, permanently, is advocated by E. Austin Baughman, Commissioner of Motor Vehicles for Maryland.

BEFORE THE PRIMARY

The Antis organ in Kent on Saturday, April 26th, said, "THE POLITICAL SITUATION in this county, as far as we are able to learn, is unchanged since our last issue. The question to be decided by the voters on May 5, is for the supremacy between Senator W. B. Copper and his forces and H. W. Vickers, Esq., and his followers. Senator Copper's record in the last session of the Maryland Senate is one he can justly be proud of. * * * Senator Copper stood for the Governor's Economy plank in the Democratic Campaign platform. It was on those issues that he made his campaign last summer and won his nomination and election and it is on those same principals that he and his friends now take their stand. There was no getting together with Mr. Vickers and his friends on a 50-50 basis so the future of the supremacy of the Democratic destinies of this county, as between Senator Copper and his followers and Harrison W. Vickers, Esq., and his followers will be settled at the polls on Monday, May 5. Judging from the many recruits to the Senator's forces since the last primary it would seem there can be no doubt as to the result on May 5."

Judging from the result there are some changes to be noted in the above statements. The public have a keen discernment and cannot be hoodwinked all the time.

Chestertown High School Play

The Chestertown High School put on their annual Senior Play on April 29th at the Lyceum. The room was crowded to its utmost capacity and when the time came for the actors to appear they looked out on a sea of interested, sympathetic, appreciative faces of their friends. Friends, who had faith in the ability of the young people to give them an evening of entertainment. And, it is always this kind of spirit on the part of the listeners that brings out the very best that is in the young people.

The play was a great success from start to finish. It would be a great satisfaction on the part of the writer to discuss the splendid features and the parts taken by each individual. They entered into it with the determination that it takes to do tanyhing well and they certainly did succeed.

Principal Creasey and the teachers who helped him, deserve much credit for the results of their efforts. The young people deserve much credit for the amount of stick-to-it-ive-ness which it must have required to reach this goal.
