New Light On Cause of Asthma and Hay Fever

The medical world has been groping about in the dark for years in an effort to find a "cure" for Asthma and Hay Fever.

These two ailments are undoubtedly among the most annoying and troublesome ailments man or woman can have.

During recent years, however, clinical experience has proven the fact that Asthma and Hay Fever have their seat of origin in the nerves that emanate from the spine, and the cure of course lies in correcting the trouble from its source.

For every effect (ailment) there must be a cause, and chiropractic is most successful because it strikes at the very source of trouble and removes the cause, so that the effect (ailment) disappears.

William Bright, of Worton, Kent county, suffered with Asthma for a long time. Medicine only seemed to aggravate the trouble, and he found himself on the decline. A friend who hal just been cured of a similar ailment took him to Dr. Dill, the Chiropractor, and after a series of Special Adjustments, he was completely restored to health and is now well and strong and advises all who are sick to try Chiropractic.

If you have been ailing talk to someone who has given Chiropractic a fair trial, and you will hear a story of wonderful recovery.

Non Support Case

On Thursday afternoon at Centreville the case of State of Maryland versus Arthur Potts for non support was started. J. H. C. Legg, representing the defendant. Friday morning Potts entered plea of guilty of non support of child.

Awarded Bus Contract

Roy Godwin, of Crumpton, was awarded a contract to bring Company K men to drill in Centreville on Wednesday nights. Godwin, who runs the school bus from Crumpton to Sudlersville, will cover the territory from Crumpton to Millington and Millington to Sudlersville with a stop at Church Hill. In this manner about 20 members of the County Military Company will be able to attend drill every Wednesday night.

TO MAKE ROLPH'S WHARF INTO A SUMMER RESORT

Henry Evans is beginning activities at Rolph's Wharf with the view of making it a summer resort for Queen Anne's county. Present plans include the building of a large and conveniently arranged bath house, a float for bathers and a complete renovation of four houses that can be used by those who may wish to spend several days or weeks by the water.

For years Rolph's Wharf has been a favorite gathering place for young people of both Kent and Queen Anne's counties, and the improvements that will be made by Mr. E. will no doubt be greatly welcomed.

"Eastern Shore From End to End."

This is the slogan adopted by the Shore Transit System, and tells the tale of their present operations and immediate future plans, for supplying good transportation throughout the Shore and parts of Delaware.

The company organized two years ago, has spent many months laying the foundation on which to build a comprehensive motor bus system, serving every section of the Shore.

Since January 1st last new Divisions have been opened so that their lines now link up every town from Salisbury to Elkton, reaching to the three western gateways, at Claiborne, Queenstown and Rock Hall and delivering passengers to the Pennsylvania Railroad at Elkton. Double daily round trips are run over this entire section with fine modern motor buses.

These lines all connect up similar to a railroad system so that a passenger starting at Elkton or Salisbury can travel right through the different junction points with only a brief wait necessary. The railroads and the Transit System and the Ferry Lines are working in close co-operation. This permits passengers to plan their trips and travel to and from and throughout the Shore based on direct connections at junction points with each mode of travel.

The company has even invaded Delaware and now has two lines covering seventy-five miles of Delaware highways. On May 5th, they opened their Delaware line giving double daily service on that division and their line already running between Dover and Rock Hall Ferry gives a through cross-country service of great importance.

The Shore Transit System announces they plan to establish freight service as well into remote sections, giving direct connections with both rail and water lines, giving to the people the same high class character of freight service that they are now rendering from a passenger stand point.

Hydrated Lime

50 POUND SACKS

Delivered at your station in car lots at $13.50 per ton.

We can give you ton lots from our warehouse in Chestertown.

Also barrel lime and cements.

TODAY—

Find out what comfort, power, beauty $1045 will buy in a Studebaker

STUDEBAKER offers a world-famous Six, a car embodying the best men know, at a price that makes it folly to deny yourself a fine car.

Here is the thrill of a powerful six-cylinder L-head motor; the comfort and luxury of a big, roomy body — deep cushioned and restful; beauty that characterizes the most costly cars.

* * *

Now in justice to yourself, look at this car. Compare it with competitive cars at its price —then with cars selling for several hundred dollars more.

Compare it for beauty, comfort, roominess, upholstery, for obvious refinements.

Compare it, too, for ease of handling, flexibility, power, quietness, lack of vibration. See for yourself what you can buy with little money in a fine car today.

* * *

Ride in this car, ride in competitive cars. Comparison is the surest way to judge an automobile. Studebaker will place a Light-Six at your disposal for this purpose any time you name.

Buy no car at $500 or more without making this test. Don't buy blindfolded.
