Standard Tests

The Standard Tests were put on in Kent County last week. This is the second set of standard tests that have been given in the state this year. The first one in October and this one in May.

This week and next the teachers will be meeting in groups to score the tests. When they have all been scored in the several groups, they are tabulated in the County School Board Office and the results of each school are sent to the teachers. Then the reports are sent to the State Department of Education where they assemble the reports of all the counties and send out the results. Thus, Kent County is compared with every other county in the state twice during the year. When the results are returned we shall probably publish them in this department. We are naturally anixous to see the results of this test and all are hoping for an improvement over the last one.

With the glory of the day,
And banish every doubt and care
And sorrow far away.

And the dew is full of heavenly love

HEALTH CENTER LOCATED AT HOTEL IMPERIAL

Drugless Health Method Meeting With Much Success in Kent Co.

According to Dr. L. M. Dill, Chestertown's famous Chiropractor, with large and finely equipped offices at the Imperial Hotel, Chestertown, Chiropractic, is making great strides in the Eastern Shore counties, especially Kent, Queen Anne's and Wicomico.

Dr. Dill describes the Health Method of Chiropractic as follows: "It is a drugless method of correcting human ailments, by adjusting misplaced (subluxated) vertebrae of the spinal column to relieve nerve compression, so that nerve force may again flow un-interrupedly to all parts, and allow nature to bring about a cure. No noxious medicines, drugs, pills or other concotions are used. Nature does it all, and the Chiropractor only claims to put the sick or diseased part in line with the Healing Forces of Nature.

Hundreds of sick people are calling at the Health Offices of Dr. Dill, for relief, not just temporary help, but genuine permanent results. Cases that resist all other form of treatment, yield to the superior method of Chiropractic. Chiropractic is so much superior to the drug method, because it strikes directly at the cause, the very seat of the trouble, instead of trying to deaden pain with noxious drugs and medicines.

If you have tried everything else without relief, try Chiropractic and get well.

Dr. DILL,
The Chiropractor
