Resolutions of Kent Co. Sunday School Convention

The Committee on Resolutions makes the following report:

1. We recommend that every Sunday School make as a part of its organization a Home Department.

2. We recommend that a Teacher Training Class, according to the Correspondence Plan, and a Mission Study Class be organized in every Sunday School.

3. We desire to reaffirm our position on Sabbath observance and commend the work of Mr. W. W. Davis, State Secty., of the Lords Day Alliance We pledge him our hearty support.

4. We recommend that the enrollment of the Sunday School be used as a basis for per Copita tax payment. We, however, believe that on rare occasions a Sunday School might find it impossible to meet the full requirement, and under such condition, we urge that they remit an amount equal to their financial possibilities.

5. Inasmuch as all schools of the county are members of the County Association we feel that it is the conscientious duty of all schools to make an accurate report promptly when they are requested. We urge that the Pastor, Supt. and Secty., recognize it as an important part of their duty to secure the proper return of these reports. It is requested that the pastor furnish the Statistical Secty. of the County Association with the names and addresses of secretaries of his Sunday School so that she can correspond with them direct.

Believing that many schools may be embarrased or confused by the number of items requested we would recommend that they fill in only these items that actually constitute the activities of that school eliminating as far as possible the element of guess and reporting only according to properly kept records.

6. Resolved, That we express our appreciation to the Trustees of the Church for the use of the building and to the Pastor for his untiring efforts in preparing for the convention. To our Pres., Rev. Brown, his state workers and all who have contributed to the success of the convention. Also to the committee in charge of furnishing the bountiful meals to the visitors and in this case we feel that our sense of appreciation should extend to all the people of the community, for surely they must have all contributed liberally in setting before us such a wonderful dinner.

Also to the choir for the uplifting and excellent music.

Lastly to Rock Hall Sunday School and people for the invitation which has brought us to your beautiful town and church.

7. Knowing the unstinted hospitality of the people of Chestertown we take the liberty of suggesting that the next State Convention for the Eastern Shore hold its sessions in that historic county seat.
