PROCLAMATION

Proposing Amendments to the Constitution of the State, 1924

WHEREAS, at the January Session of the General Assembly of Maryland, held in the year 1924, two Acts were passed, to-wit: Chapter 177 proposing an amendment to Section 9 of Article V of the Constitution of the State of Maryland, title "Attorney-General and State's Attorneys," sub-title "The State's Attorneys," regulating the compensation and the expenses of the State's Attorney for Baltimore City and that of his deputy and assistants; and Chapter 327 proposing an amendment to Section 34 of Article III of the Constitution of the State of Maryland, title "Legislative Department," for the purpose of permitting the State to pledge its credit for the raising of such funds as may be needed for the aid or compensation of those citizens of the State who during the time of war have, with honor, served their country and State, and which said Chapters 177 and 327 are in the words and figures following:

CHAPTER 177.

AN ACT to propose an amendment to Section 9 of Article V of the Constitution of the State of Maryland, title "Attorney-General and State's Attorneys," sub-title "The State's Attorneys," regulating the compensation and the expenses of the State's Attorney for Baltimore City and that of his deputy and assistants, and to provide for the submission of said amendment to the qualified voters of the State of Maryland for adoption or rejection.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, three-fifths of all the members of each of the two Houses concurring, that the following be and the same is hereby proposed as an amendment to Section 9 of Article V, title "Attorney-General and State's Attorneys," sub-title "The State's Attorneys," of the Constitution of Maryland, the same if adopted by the legally qualified voters of the State, as herein provided, to become Section 9 of Article V of the Constitution.

SEC. 9. The State's Attorney shall perform such duties and receive such fees and commissions or salary, not exceeding three thousand dollars, as are now or may hereafter be prescribed by law; and if any State's Attorney shall receive any other fee or reward than such as is or may be allowed by law, he shall, on conviction thereof, be removed from office; provided, that the State's Attorney for Baltimore City shall have the power to appoint a Deputy and such other Assistants as the Supreme Bench of Baltimore City may authorize or approve and until otherwise provided by the General Assembly, the said State's Attorney, Deputy and Assistants shall receive the following annual salaries: State's Attorney, seven thousand five hundred dollars; Deputy State's Attorney, five thousand dollars; Assistant State's Attorneys, four thousand dollars each; said salaries, or such salaries as the General Assembly may subsequently provide, and such expense for conducting the office of the State's Attorney as the Supreme Bench of Baltimore City may authorize or approve shall be paid by the Mayor and City Council of Baltimore to the extent that the total of them exceeds the fees of his office, or as the General Assembly shall otherwise provide, and the Mayor and City Council of Baltimore shall not be liable for appearance fees to the State's Attorney.

SEC. 2. *And be it further enacted by the authority aforesaid*, That the said aforegoing section hereby proposed as an amendment to the Constitution, shall at the next ensuing general election, for members of Congress, to be held in this State on the Tuesday next after the first Monday of November, one thousand nine hundred and twenty-four, be submitted to the legal and qualified voters of the State for their adoption or rejection in conformity with the directions contained in Article XIV of the Constitution of this State, and at the said election the vote on the said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendment," and "Against the Constitutional Amendment," as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment, and further proceedings had in accordance with Article 14 of the Constitution.

Approved April 9, 1924.

CHAPTER 327.

AN ACT to propose an amendment to Section 34 of Article 3 of the Constitution of the State of Maryland, title "Legislative Department," for the purpose of permitting the State to pledge its credit for the raising of such funds as may be needed for the aid or compensation of those citizens of the State who during the time of war have, with honor, served their country and State, and providing for the submission of said amendment to the qualified voters of this State for adoption or rejection.

SECTION 1. *Be it enacted by the General Assembly of Maryland* (three-fifths of all the members of each of the two Houses concurring), That the following section be and the same is hereby proposed as an amendment to Section 34 of Article 3 of the Constitution of Maryland, title "Legislative Department," the same if adopted by the legally qualified voters of the State, as herein provided, to become Section 34 of Article 3 of the Constitution of the State of Maryland.

34. No debt shall be hereafter contracted by the General Assembly unless such debt shall be authorized by a law providing for the collection of an annual tax or taxes sufficient to pay the interest on such debt as it falls due, and also to discharge the principal thereof within fifteen years from the time of contracting the same; and the taxes laid for this purpose shall not be repealed or applied to any other object until the said debt and interest thereon shall be fully discharged. The credit of the State shall not in any manner be given or loaned to, or in aid of any individual association or corporation; nor shall the General Assembly have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto which shall involve the faith or credit of the State; nor make any appropriation therefor, except in aid of the construction of works of internal improvement in the counties of St Mary's, Charles and Calvert, which have had no direct advantage from such works as have been heretofore aided by the State; and provided that such aid, advances or appropriations shall not exceed in the aggregate the sum of five hundred thousand dollars. And they shall not use or appropriate the proceeds of the internal improvement companies, or of the State tax, now levied, or which may hereafter be levied, to pay off the public debt (or) to any other purpose until the interest and debt are fully paid or the sinking fund shall be equal to the amount of the outstanding debt; but the General Assembly may, without laying a tax, borrow an amount never to exceed fifty thousand dollars to meet temporary deficiencies in the Treasury, and may contract debts to any amount that may be necessary for the defence of the State. And provided further that nothing in this section shall be construed to prohibit the raising of funds for the purpose of aiding or compensating in such manner or way as the General Assembly of the State shall deem proper, those citizens of the State who have served, with honor, their country and State in time of war; provided, however, that such action of the General Assembly shall be effective only when submitted to and approved by a vote of the people of the State at the General Election next following the enactment of such legislation.

SEC. 2. *And be it further enacted by the authority aforesaid*, That the said aforegoing section hereby proposed as an amendment to the Constitution, shall, at the next general election for members of Congress held in this State, be submitted to the legal and qualified voters of the State for adoption or rejection, in pursuance of the directions contained in Article 14 of the Constitution of this State, and at the said general election the vote on the said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be printed the following synopsis of said amendment under the caption of "Constitutional Amendment Providing For Aid Or Adjusted Compensation To War Veterans." This amendment removes the prohibition now in the State Constitution which prevents the State from pledging its credit for the raising of monies which could be used for the aid or as adjusted compensation to those citizens of the State who, with honor, served their country or State in time of war; and upon each ballot there shall also be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment," as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by said Fourteenth Article of the Constitution, and further proceedings had in accordance with said Article Fourteen.

Approved April 9, 1924.

Now, Therefore, I, Albert C. Ritchie, Governor of the State of Maryland, in pursuance of the direction contained in Section 1 of Article 14 of the Constitution of Maryland, do hereby order and direct that this proclamation containing a full, true and correct copy of the text of said Chapters 177 and 327 of the Acts of the General Assembly of Maryland of 1924, be published in at least two newspapers in each of the counties of the State where so many may be published and where not more than one may be published then in that newspaper, and in three newspapers published in the City of Baltimore, one of which shall be published in the German language, once a week for at least three months next preceding the general election to be held in the State of Maryland on Tuesday the 4th day of November, 1924, at which election the said proposed amendments to the Constitution shall be submitted in form and manner prescribed by the General Assembly, to the legal and qualified voters of the State for their adoption or rejection.

The Great Seal of the State of Maryland.

Given under my hand and the Great Seal of the State of Maryland. Done at the City of Annapolis, this 15th day of July, nineteen hundred and twenty-four.

ALBERT C. RITCHIE,
By the Governor:
E. BROOKE LEE,
Secretary of State.

TELEPHONE BOOSTS SALES

San Francisco.—Roos Brothers, Inc., now rely upon the telephone as a big and profitable source of business. For example, during the month of April, although there was a slight decrease in the number of calls made by salespeople in all stores, the actual percentage of responses and sales was higher than for any month since the telephone campaign was started. Salesclerks in the various stores of the Roos chain made a total of 1,551 calls, and 786, or 51 per cent of this number made purchases.

JAP OPERATORS DON SPECIAL GARB FOR WORK

Telephone operators in Japan are called "moshi moshi" girls, the term moshi moshi being the Japanese equivalent for hello.

All Japanese telephone operators in the city of Tokyo are required to wear a uniform costume consisting of a sort of skirt called a "hakama," which is worn over a working kimona of coarse, white cloth. The sleeves of this kimona are not as full as those of an ordinary kimona and are tied with a cord just below the elbow in order to prevent them from interfering with the movements of the operator's hands. The hakama has a sash tied in front.

The attire of the Japanese operators is completed by a pair of white cloth foot-covers and straw sandals. They wear no stockings, which is a custom peculiar to all Japanese women except those who adopt foreign styles.

ENGLISH FAR BEHIND IN GETTING TELEPHONE HABIT

"We have a long way to go," says a recent writer in the Yorkshire Evening Post of Leeds, England, "before we develop the private telephone habit to anything like the extent they have it in America, but," he hopefully adds, "we are progressing very steadily."

As a matter of fact, the latest comparative figures on the subject show that, in the course of a year, the English people average only about eighteen telephone calls per capita, as against 174 telephone conversations per person annually in the United States. In other words Americans use the telephone nine times as much as Englishmen.

WAS AMONG FIRST TO TRY OUT TELEPHONE

One of the few men, now living on the Pacific Coast, to talk at the Centennial Exposition, held in Philadelphia in 1876, over the first telephone instruments then being exhibited by Alexander Graham Bell, is Walter J. Thompson, of Tacoma, Wash. At that time he was president of the bank of New Tacoma. At the exposition Bell's invention attracted little attention at first and it was not until Dom Pedro Emperor of Brazil, saw and enthused over it that it was given much attention. Shortly thereafter Mr. Thompson had the privilege of testing the instrument.

Reutrning to the Pacific Coast, he related his experience and told about the wonderful new invention and the thrill it gave him to talk over the wire to someone else at a distance. It was not until 1878, however, that the telephone was first introduced on the Pacific Coast.

RACE FANS HEAR AS WELL AS SEE

An innovation in automobile race announcing made a distinct sensation at the Flag Day races at Altoona. A Public Address System was the means whereby Starter Fred Wagner's voice was easily and distinctly heard throughout the throng that jammed the grandstand at the Speedway when Jimmie Murphy won the International 250-mile automobile race.

Wagner's voice was carried above the noise of sixteen cars roaring around the great wood bowl and the cheers and chatter of 65,000 fans gathered to witness the classic. Thus the crowd was instantly and fully informed as to all the incidents of the race—incidents that ordinarily many would neither see nor know about.

The Public Address System consisting of a microphone, vacuum tube amplifier, control units, projectors and storage batteries to supply electrical energy was mounted on a Reo truck. Amplificationists of the Western Electric Company manned the truck, which was parked inside the oval directly behind the timer's office. The microphone was mounted at the starter's postion, where it picked up the starter's voice, transmitted it by wires to the vacuum tube amplifier on the truck whence, after being amplified thousands of times, it was carried by wires to groups of horns mounted on poles erected in front of the grandstand. From those horns the speaker's voice was clearly and uniformly distributed over the area where the fans were seated.

Animals and Birds and Drink.

Will wild animals touch fermented stuff?

The books on bird-diet say very little and nothing entirely germane to the question, remarks a writer in Adventure Magazine. However, only a few days ago there was a newspaper item concerning the presence of bees about mash from a wrecked bootleg still. According to the reporter, the bees deserted the flowers of the locality to flock about the mash. It was remarked, half-seriously, that the honey made would probably be mildly intoxicating.

Also a dozen times or more "since prohibition" there have been accounts of pigs and chickens growing hilarious from feeding on the residue from stills; several times such stills have been discovered through the peculiarities of hogs and chickens in the neighborhood.

STATE AMERICAN LEGION CONVENTION

Havre de Grace will entertain the Maryland Department of the American Legion, during its sixth annual convention, to be held there August 21, 22 and 23. Joseph L. Davis Post will have charge of the arrangements for the big gathering of World War Veterans and has made a contract with the Metropolitan Flag and Decorating Company, of Philadelphia, for a supply of material to be sold to residents, the profits to go toward meeting expenses attendant upon the Convention. It is expected that General John J. Pershing, Chief of the American forces in France, who has returned with the American Battlefields Monuments Commission, from its tour in France, will be a guest of the city and give an address during the convention's sessions.

WOMEN NEED NOT TELL THEIR AGE

Within the next couple of months the Board of Election Supervisors of Kent county will announce the dates of the fall registration, and county women may be interested in a new law, enacted by the recent session of the Maryland Legislature, which removes the necessity of members of the female sex disclosing their ages when they appear at the polling places to enroll for voting. The language of the act is as follows: "A female applicant for registration, as a voter, shall not be required to state her exact age, but it shall be sufficient for said applicant to state, in answer to any and all questions, relating to her age, that she will be at least twenty-one years of age on the next election day, next succeeding the day of registration." Heretofore Kent county women have been required to give their exact ages when they registered.
