CORN JUMPS UP

Wild fluctuations in the corn market in Chicago Saturday resulted from adverse crop reports. May corn jumped 5¼ cents in some cases, touching as high as $1.21½ a bushel. Trading was of such an exciting character that simultaneous transactions this morning at different places in the pit were as much as 3½ cents apart. Estimates were current that owing to lack of summer weather at this season 20 per cent. of the corn crop from Fort Dodge, Iowa, to Chicago, would never make merchantable corn. An opinion by the United States Government forecaster at Chicago, Prof, Henry J. Cox, that there would be no summer weather here this year was responsible for much of the extraordinary volume of new buying of corn. He was quoted as saying that the community might as well be prepared for the worst.

A PAUL REVERE RIDE

Miss Mary E. Ford, aged nineteen daughter of Mr. and Mrs. H. P. Ford, who is camping with her father and mother, and a party of friends on the Sassafras river, above Betterton, had a very unusual experience on Wednesday evening. Mr. Rigby, a tenant on the Price farm, rode over to the camp on horse-back, and the young folks amused themselves by riding the horse. Finally, when Miss Mary got on the horse, her first experience of the kind, the animal made a wild dash for home, a mile distant. The way was up a rocky hill and over several fallen trees. In some mysterious manner the girl remained in the saddle for more than half a mile, when the horse turned suddenly upon entering the lane, and she was thrown off. Mr. Rigby, who had followed as rapidly as he could, found her sitting on the ground, holding her hands to her head. Although she had no broken bones nor bruises, she suffered a complete loss of memory. Fortunately, Dr. Simpers was in Betterton, and was able to see the young lady shortly after the accident. He thought that she would soon be fully recovered. She was very much improved the next day and her mind was normal.

AUTOMOBILE MISHAPS

The little son of Clerk of the Court Robert R. Ayres was injured Saturday morning when crossing the driveway at the intersection of High and Princess streets, he ran into an automobile. The little fellow struck the running board of the car and was knocked to the ground and rendered unconscious for a time, but has completely recovered.

While returning home last Sunday morning R. Oscar Roe, of Sudlersville, accompanied by William Evans, narrowly escaped being seriously injured, when their car was struck by another car near Millington. While Mr. Roe's car was so badly damaged that he was compelled to abandon it by the roadside, neither of the occupants were injured.

Dr. S. Norman Dudley while on his way to his farm, near Urieville, was run into by a car filled with strangers at the Lee Corner, near the College No one was hurt but both cars were damaged. This is a bad corner and was made worse by a big truck standing in the road obliterating all view of Morgnec road.

Mrs. J. A. Brown's small son ran out from behind an automobile at Betterton Saturday and was severely injured by an auto driven by John E. Boone. The lad's leg was broken and face cut. Dr. Atwell rendered first aid and the injured lad taken to the hospital in Baltimore. Mr. Boone was exonerated of blame.

A Ford and Studebaker touring car collided at the corner of High and Queen streets Sunday afternoon. The Ford being driven by Mr. Cole of near town, in Queen Anne's, was proceeding down High street and turning into Queen, when the Studebaker which was driven by a lady, approached the corner and seeing the Ford applied the brakes, but was unable to avoid the collision. No one was hurt however, the Ford alone being slightly damaged.

SEASON FOR SALES ON IN KENT COUNTY

August and September are the months for public sales of personal property in Kent and elsewhere on this Peninsula. Each year there are changes among the tenants caused by various reasons. Strange to state there are always buyers who want to increase their holdings or to start to farming so that the demand is always equal to the supply.

This year is no exception. In the Kent News last week there were 106 horses and mules and 204 cows advertised at public sale besides the usual amount of farm implements. One year ago there was advertised 114 horses and 140 cows, showing that Kent farmers increasing in the number of cattle kept.

The A. W. Dill sale held Saturday at Hanesville was largely attended. He sold all kinds of articles from a bottle of ink to a cow. He sold goslings at $2.50 each and geese at $6 apiece.

George Hadaway at Worton Station had a splendid sale Monday. A pair of horses brought $230.

BEQUEST BY WILL LEADS TO CONTEST

A case of interest to the people of Chestertown and community involving the expenditure of the money of testator was tried before Judge Wickes in the circuit court here, Saturday.

A year ago Mrs. Carrie S. Wroth died leaving an estate valued at about $9,000. Among the provisions of her will was a request that a chapel or mausoleum be erected on her lot in Chester cemetery as a memorial to the Wroth and Caleb family. Mr. T. G. Wroth administered on the estate but was not named as trustee to carry out the provisions of the will. He, however, conferred with the cemetery Board and they tried to agree on the erection of a suitable building but failed. Hence the suit.

Mr. Wroth employed State's Attorney S. Scott Beck as his attorney, while Harrison W. Vickers represented the Cemetery Company, of which he is the president, assisted by Herbert E. Perkins. Mr. Wroth had contracted with an architect to draw plans for a structure which would accommodate a casket and about ten people. Judge Wickes reserved his decision in the case.
