LECTURES AT THE COLLEGE

Through the efforts of Dr. Paul E. Titsworth, of Washington College, arrangements have been made to bring many prominent speakers of the country to Chestertown in order that the townspeople may have an opportunity to become versed on matters of national importance. These educational subjects will be given on each Thursday morning during the months of October, November and December at the regular weekly assembly of the college student body. Assembly periods will begin at 11 o'clock in the auditorium, William Smith Hall.

An invitation is extended to all who wish to attend these exercises and it is hoped that the townspeople will become sufficiently interested in them to attend in large numbers.

The following schedule of lectures has been arranged by Dr. Titsworth and it contains the names of many prominent men in different walks of life.

On Thursday, October 23, the Rev O. E. Jones, District Superintendent of the M. E. Church spoke October 30, Alan Johnstone, chairman of the Baltimore Commission of Criminal Justice was at William Smith Hall. He is the managing director of that institution. November 6, Swepson Earle, a member of the Conservation Commission of this State will be heard. November 13, Harry P. Hopkins, Architect for Baltimore, will speak. He is the man who designed the Washington College gymnasium. November 20, Dr. A. S. Cooke, State Superintendent of Education. December 11, Lieutenant Commissioner G. T. Rude, of Washington, D. C.

Call Seed Inspection Conference

Maryland farmers, seed growers, seed dealers and seed inspectors are being urged to attend a seed inspection conference to be held in Baltimore on Thursday, November 6, in the rooms of the State Board of Agriculture, 816 Fidelity Building, at 10 a. m. The meeting has been called by Dr. H. J. Patterson, of the University of Maryland Experiment Station for the purpose of discussing problems which relate to improved seed supplies and making the operation of the seed inspection law more efficient and of greater service to all interests concerned. It is pointed out that Maryland is a pioneer state in providing for seed inspection and the Maryland Experiment Station and the Crop Improvement Association have done much toward stimulating an appreciation of the necessity of good seed and the promotion of the practice of growing and using high quality seed of high producing strains.

A CAMPAIGN SONG

(To the tune of Maryland, M. Maryland.)

John W. Davis is the man,
Yes, he is, I am sure he is.
His name is heard throughout the land;
Yes it is, I know it is.
A better man we will never find
With a bigger, broader open mind,
To fill the Presidential Chair
With honor, dignity and cheer.
Of John W. Davis we should be proud
Yes, we aught, I know we aught,
And sing his praises oft and loud,
Yes, we aught, I know we aught,
Taxation is his theme,
He will put that down and beat their game,
And W. Va. will sing and shout,
To know our voters all turned out.
A red hot Democrat I am,
Yes I am, Oh yes I am,
I am against the tariff high
Yes I am, Oh yes I am,
I am in a crowd that bound to try
To give Silent Cal a big black eye
And work and work and never stop
To help put Davis over the top.

By M. E. Clothier, Formerly of Kent.

FLOWERS IS RECALLED

D'Arcy Flowers, a Washington College player, who was a member of the Cambridge club of the Eastern Shore League for three years before being drafted by the St. Louis National League club in the latter part of the 1923 season, has been recalled from the Houston club of the Texas League. The Cards took young Flowers south on the spring training trip, but later farmed him out to Houston.

Last season Flowers distinguished himself in the Class A circuit and his many admirers on the Eastern Shore will watch with interest his work with the big leaguers.

Scout Charles Kelchner recommended Flowers to St. Louis.

COMPARISONS

Diamonds and charcoal are essentially carbon yet their values and usefulness are as far apart as the poles. So it is with

Scott's Emulsion

Many imagine that all oils are similar, but when the usefulness of cod-liver oil is compared with all other fats, the difference in value is as far apart as common charcoal and diamonds.

Scott's Emulsion is cod-liver oil made pleasantly available to build up those who are rundown or weak.

The Paint That Will Make Any Floor Beautiful

SOME floors are beautiful in themselves, but all floors, old or new, can be made beautiful with a glossy coat of paint that hides the old, worn surface, or new unattractive surface perfectly.

Devoe Floor paint is easy to apply, is spot-resisting, dries rapidly and is hard enough to protect the floor against a great deal of vigorous wear. Its coat is not brittle and does not crack, check or peel, but wears down gradually and evenly to the end.

Don't call a room homelike until the floor has been made as bright and beautiful as paint can make it. See that your floors hold the beauty that they get.... by using Devoe Floor Paint ... sold in the most artistic and effective tints and tones.

If you want Paint or Varnish Information based on 170 Years' Experience—Check and Mail Coupon.
