HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the defination listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

CROSS-WORD PUZZLE No. 1

"STEPPING STONES"

If you like them easy this one will suit you, for the interlock helps you over the stickers. If you're in the expert class you can find an unusual word or two. This puzzle contains every letter in the alphabet except "k".

CHIROPRACTIC

The method that succeeds after all other methods fail.

It is estimated that each year, at least one million people are turning to and finding permanent relief from their ills from the great Health System of Chiropractic.

Chiropractic does not claim to be a cure all, but successfully corrects the large majority of sufferers who turn to practitioners of the new system for relief.

Discovered in 1895 by a layman, D. D. Palmer, Chiropractic, has grown by leaps and bounds until today over 30 States legally recognize Chiropractic as a separate and distince healing art.

Chiropractic appeals to people who think. Its patients include some of the world's greatest men and women. It is not a new or untried method or seeking to hold out hopes for the "Miracle Seekers," or incurables, but it does offer to prove that thousands of so called incurables can actually be restored to health by this new method.

If you are sick of being sick do not let prejudice or anything else keep you from getting well. Consult Dr. Dill today.
