**VOLUNTEER FIRE COMPANY PRESENTED \$60 IN GOLD**

Flatland Community Club Hold Fete And Show For Benefit Of Local Fire Fighters

The Flatland Community Club held a most enjoyable meeting at the home of Mr. and Mrs. L. A. Sutton, near Chestertown, Tuesday evening, the members of the club and many friends being present.

A very interesting program was rendered. Mr. H. B. Derrick, County Agent addressed the meeting on "The Value of Companionship," followed by a piano duet by Misses Laura and Gertrude Rees, after which Miss Ann Matthews, Mr. Martin Sutton and Mr. Walter T. Morris gave interesting talks of their trips and experiences as members of the County Boys and Girls Clubs. By the way if you want to get an idea of what these boys and girls are doing and the value of these clubs, in making work while men and women of their members, just attend one of their meetings.

Mrs. L. A. Sutton, president of the Community Club, then presented in behalf of the club, to Mr. Wm. G. Smyth, president of the Chestertown Volunteer Fire Co., \$60 in gold, proceeds from the recent lawn fete and show, held at the home of Mr. and Mrs. W. T. Dixon. This initiative on the part of the club marks the beginning of better days for the Fire Company.

The closing number of the evening entertainment consisted of three stories told by Miss Julia Williams, Mrs. Wm. T. Dixon and Mr. Wm. G. Smyth. Cake and lemonade were then served. We predict a bright future for the Flatland Community Club.

**Death Of Dr. J. M. Holmes**

Members of Captain Carter Post No. 19, G. A. R., the American Legion and the Harrington Fire Co., joined with relatives and friends in paying their last respects to the memory of Dr. J. M. Holmes, whose funeral was held from the M. P. Church, in Harrington, Sunday afternoon. His death occurred at the home of his daughter, Mrs. George B. Fetter, Friday morning, after an illness that made him helpless for almost two years. His first wife was Miss Lou Brown, of Chestertown, where the deceased pastor spent a number of years of his early ministry.

He was born in Baltimore, Md., in 1845, being in his 80th year when he died. During the Civil War he served with distinction in the Second Maryland Cavalry, existing when he was but sixteen years of age. At the close of the war in 1865 he took up the study of the ministry, joining the Maryland Conference, being a member of that body until 1917 when he was superannuated. He was superintendent of church extension. His death is a blow to the Harrington Fire Company, for he was one of its chief benefactors and it was through his efforts the company purchased its first fire truck. In recognition of his service to the company, a memorial chair was purchased and placed in a church in Baltimore, Md. He was named chaplain of the company and held that office at the time of his death, though due to illness he did not actively fill the office for the past two years.

For several years after he retired from the ministry he carried on the work in a missionary way. He collected thousands of Sunday school picture cards, pasted scripture verses on the reverse side and forwarded them to the little heathen children in the far off Eastern countries.

Members of the local M. P. Church were active pallbearers with representatives of the G. A. R., American Legion and Fire Company as honorary bearers. The American Legion gave him a military funeral in accordance with his request. He is survived by two daughters, Mrs. Frank Gurley, of High Point, N. C., and Mrs. George B. Potter, Harrington; also one son, John Holmes, Jr., of Greenville, S. C. He did not get home for the funeral due to his being general secretary of the Y. M. C. A., and in camp with a party of young men. Interment was made in Hollywood Cemetery near Harrington.

**TWO COUNTY CALLS FOR FIRE COMPANY**

Fire works and lightning caused the Chestertown Volunteer Fire Company to be called out twice on the Fourth of July. Both calls were from country districts.

About 4:30 p. m., Truck No. 2 was sent to the farm of Mrs. Evelyn Harris, near Betterton, to extinguish a tree, set ablaze by a fire cracker. The tree was dangerously near the dwelling which the blaze threatened. About 1:30 a. m., Sunday morning a call came from the farm of Nelson Hunter, three miles below Church Hill on road to Roberts, where the barn had been struck by lightning. Truck No. 2 made a quick run, and saved the other buildings nearby. The loss consisting of a barn, cow shed and one horse, was covered by insurance.

The Centreville Fire Company was also called out for this fire, but was directed to the wrong farm and thus did not appear.

Mrs. Ida Price, aged 32 years, wife of James P. Price, died Friday night at the Havre de Grace Hospital, from the effects of eating cherries and swallowing the stones. An operation was performed, but the case was put off too long to save her life. She is survived by her husband and two sons, one of her boys being in the same hospital suffering with a fractured leg sustained during the past week.

**IN MEMORIAM**

In loving memory of Elmer Kendall, of Skinner's Neck, Md., who died June 26, 1924. "He lived in a house by the side of the road, and was a friend to man."

The sighing breeze has lulled him into sleep, And o'er his grave a gentle vigil keep;

We laid him there this man who loved all things, The kindly smile, the hope a hand-clasp brings, The want of those around him he did heed;

The widow and the orphan saw their need, The stranger dwelt within his open door; And never did he think he gave enough—but more;

And more he gave, and so by giving His memory with us is ever living, His cheerful smile, his helping hand to men

Caused everyone he knew to call him friend; He left this creed so men might ever see

The joy of living is unstinted charity. By Friends of Raum Chapel, Md.

**(STUDEBAKER) Special Six Coach \$578.33 and 12 monthly payments of \$96.39 each**

**Why Call It a Coach?**

THEY couldn't understand! "Why call it a coach—why confuse it with cheap closed cars?" asked the dealers at a recent Studebaker meeting. "Surely it would be better to name it the Special Six Coupe!"

To be sure, the Special Six Coach is upholstered in fine quality of material—with high-grade carpeting—and heavy decorative door pulls to assist passengers in alighting.

To be sure, it is lacquer finished in two styles—beautiful Studebaker blue or a rich duotone finish of Wyandotte green-gray above and Ponce green-gray below.

And, furthermore, to get a coach as large and roomy you must pay more than \$1,000 above the price of this car.

But the fact remains—that it carries the lowest price at which a fine closed car has ever been sold on the world-famous Special Six chassis.

It is a coach—in price alone. But in quality—a fine type of five-passenger coupe.

From the very beginning, the coach has been an effort towards economy on the part of automobile manufacturers. But, unlike other manufacturers, Studebaker has been able to build a coach without sacrifice in essential quality—and offer it to you at an accepted coach price.

**The reason for sedan quality at coach price**

Studebaker builds all of its own closed bodies—builds finer coaches than have been built before—and builds them at a lower cost—because there is no outside body-maker's profit to be included in the purchase price to you.

This Special Six Coach is built complete—both body and chassis—in Studebaker plants. It is a "one-profit" automobile.

In buying a closed car, do not underestimate the importance of engine and chassis. With extra weight to carry, these units become increasingly vital.

**Plus—the Special Six Chassis**

This fine coach body is especially designed and mounted on the Special Six chassis which has contributed to the splendid reputation of Studebaker cars for dependability, endurance and reserve mileage.

Definite records show that many Studebakers have delivered from 125,000 to 200,000 miles of service. Up in the rugged country around Three Rivers, Quebec, there are eight Studebaker cars that have each traveled 100,000 miles or more.

In Stockton, Calif., one Studebaker car has piled up 138,000 miles over steep mountain grades and rough country roads with negligible upkeep—not a single major part has been purchased or repaired by reason of wear or accident.

So do not buy this Special Six Coach with the expectation that you'll have to trade it in at the end of a year or so. Instead, consider this your permanent investment in transportation. At the mileage when other cars are breaking up, this Studebaker Special Six Coach will just be breaking in.

**Buy now—no need to delay**

You may buy this Studebaker Special Six Coach today—or on any day of the year—with the confident assurance that no act of ours will stigmatize it as a "last year's model."

For Studebaker has discontinued the custom of presenting a new line of cars each year. Instead Studebaker will keep up-to-date all of the time—introducing new improvements and refinements as their merit is proved through practical use.

**The Porkiest Porkers You Ever Had**

YOU'LL say just that. You'll be so proud you will want to show your legs to all your neighbors when you use

**Cal-Sino**

with your feed.

Cal-Sino makes your feed produce more pork in less time; knocks worms; wards off sickness. Makes even runt pigs thrive and cures most hog diseases.

Cal-Sino for hogs only. It really costs you nothing to use, as the extra pork it gets from your feed alone many times over pays for it.

Being a medicinal powder without fillers it costs less for results than cheap sock foods as you do not use as much. The dose is only one tablespoonful daily for each 20 lb. weight of hog.

**Give CAL-SINO a good test on our guarantee of Satisfaction or Money Back.**

"Just remember C. S. in the yellow box"

Comes in 7 sizes. Costs little to use. Does much. Ask for prices.
