CHEVROLET CUT PRICES

The advertisement of the Chevrolet car appear in the Kent News today. The Chestertown agent for this popular price car is The Noland-Bennett-Russell Company. Announcement of a price reduction effective August 1 on Chevrolet closed models was made by R. H. Grant, of Detroit, general sales manager of the Chevrolet Motor Company.

The revised price list is as follows: Coupe reduced \$40 to a new price of \$675; Coach reduced \$40 to a new price of \$695; Sedan reduced \$50 to a new price of \$775.

"The record production and phenomenal sale of Chevrolets during recent months enables the company to reduce prices at an earlier date than at first had been contemplated," said Mr. Grant. "It is the result of quantity production permitting quality manufacture at lower cost."

Mr. Grant pointed to the fact that the Chevrolet Motor Company will have exceeded by August 20 its total production for the year of 1924 after having established production records for three successive months. The company will make its two millionth car early this fall, and will be the first manufacturer of three-speed gear-shift cars to reach that production mark.

Kent countians who may be interested in knowing what friend or foe, partner or competitor, earned last year, will have an opportunity to obtain this information on September 1. For on that date income tax lists will be available to the public, and the business secrets of firms, corporations and individuals which have always formerly been held inviolate by the government will be exposed to the scrutiny of the curious.
