FLOWERS TO BE RECALLED

From a baseball story in the Oakland Tribune of August 3rd, comes the news that D'Arcy Flowers, the former Washington College player, better known as "Jake," may be recalled from the team of that city by the St. Louis Cardinals. Flowers has been playing sensational base ball with the Oakland team, his splendid work attracting the attention of base ball fans all through the Pacific Coast League.

He has been having trouble with the index finger on his right hand and was out of the game for sometime with it. The finger was hurt last winter while playing basket ball and failed to heal as it should have done. He has had it looked after by specialists but the indications are that he may have to have it amputated at the first joint. The impression prevails that this will not interfere with his playing at all but, that on the contrary, he will be able to put up a much better game as the stiffness of the finger has interferred very much at times with his throwing.
