SOMETHING NEW IN AUTOMOBILES

Henry Ford's Latest Creation Has Arrived In Chestertown.

J. E. Speicher, Secretary of the Eliason Motors Co., Chestertown, Md., drove into town Thursday afternoon in an automobile never before seen in this part of the country. It is the latest creation of the Ford Motor Co. Extreme beauty and attractiveness of design features this new Ford car. The first impression, naturally, is the improved appearance of our old friend in its new guise, but closer inspection reveals even more sturdy construction than ever, more room inside the car insuring the maximum of comfort. It is indeed a convenient and reliable means of transportation. The new Ford car was driven to a spot in front of the Public Square, where it was inspected by many interested persons. W. F. Russell, A. L. Sparks, R. H. Collins, Polk T. Bramble, Carl Bordley and Clinton C. Jones were evidently well pleased with the new Ford, as they immediately went for a ride with Mr. Speicher. On their return they were enthusiastic in their praise of Henry Ford's latest contribution to the country's transportation. In comfort, durability, economy and beauty of design the new Ford car is unsurpassed in the light car class. It has always led, and is now further ahead of the field than ever. The demand for the new Ford is unprecedented in all parts of the country. Mr. Speicher extends a cordial invitation to everyone to call and inspect the new Ford at the showroom of the Eliason Motor Company, in Chestertown, Md.
