

### FINALLY Real Sedans at "Coach" Prices

**BUICK** builds only real sedans on the famous Buick chassis—with Fisher bodies.

The 4 and 2 door Sedans, on either the Master or Standard Buick chassis, are attractive, quality closed cars. These Buicks have the better performance—power—speed—endurance—and economy that mark the Better Buick as today's better motor car.

Buick could build a cheap closed car and sell it at a cheap price. But Buick chooses to build for the satisfaction of Buick owners. Buick sees to it that owners have cars they are proud to drive for years—cars that have a high re-sale value when finally traded in.

See these Better Buick Sedans before you spend your money.

### "The line is busy"

SOME people have the idea that this is the telephone operator's favorite phrase when she is too plain lazy to make the connection. All wrong. In the first place, our operators aren't the lazy sort; they are too carefully picked and trained and supervised. And their never-ending courtesy ought to tell the doubters that they believe the public always comes first. But if they were lazy, or tired, or afflicted with any of the other ills that the human race is heir to, they'd make the connection; because it's easier to do that than to tell you the line is busy. One push of a plug often makes your connection; several operations are necessary to tell you the line is in use. We'd like to show you about it at your own exchange.

A 'busy' report may not mean that your man is talking. Some one else may be calling him. His receiver may be off the hook. Or if he's a party line subscriber, one of these things may have happened to another telephone on his line. So if he says he was not talking at the time you called, don't jump at the conclusion that the operator has given you a wrong report.

We're not perfect. But we're all—one hundred per cent of us—doing our utmost toward giving the public the best possible telephone service.

### A SERMON IN SONG

While visiting Ocean Grove this summer the following song was rendered by Thomas Dalin, a mission worker, which answers in a most impressive manner all scientists:

### EVOLUTION

There's a lot of monkey talk going on throughout the land, They tell us they have discovered the real origin of man, It took some million years from one species to another, And now they positively know, that we're a monkey's brother, They tell us life had first begun in the bottom of the sea, But I'm from Missouri and they've got to show me; They may talk about the Bible, give this old world a thrill, But I don't believe that Adam and

Eve came from Monkeyville.  
CHORUS  
If they want to believe they're monkeys the pleasure is all their own,  
They can act like a monkey, and sit on a monkey's throne,  
There is darkness in the valley below but light upon the hill,  
As for me I'm bound for Glory, and that's far from Monkeyville.  
They talk of evolution, and ologies big and small,  
It's nothing but devil-lution, and singology leads them all,  
The wisdom of man is foolishness to God in the word we read,  
If they want some good real ologies, knee ology is what they need,  
It isn't just where they come from, that's worrying folks today,  
They don't know where they're going, but they still are on the way,  
Now I'm just fool enough to believe that Jesus was sent by God,  
That Adam and Eve were first on earth, and there's redemption through the Blood.  
They talk about the Saviour, He who died to save the world,  
And tell us the cross is a failure, their fiery darts they hurl,  
But I'll be just old fashioned and believe on Jesus name,  
Their fiery darts can't harm me, for I've been born again,  
They talk about the Bible, howl and they may rave,  
But when they're six foot under ground folks will keep on getting saved,  
So I'll keep right on believing, He my hungry soul doth fill,  
For I have something far better, than what they have in Monkeyville.  
If they believe they're monkeys, why don't they go out to the Zoo,  
And sit in a cage and chatter and rage, and do as monkeys do,  
And if they should, there is no doubt, insulted the monkeys would be,  
And whisper around to one another, they haven't got as much sense

as we,  
They tell us man does many things, and a monkey does them to,  
But I know men who do some things a monkey wouldn't do,  
I don't know if my great, great grandfather ever climbed a tree,  
But, I know I have SALVATION, they won't make a monkey out of me.

### Now is the Time to See Florida Best

Hollywood-by-the-Sea has proved its claim of being Florida's All-year Resort City. Knowing that it is but necessary to visit its clean cool beach, we brought hundreds, that in time ran into thousands, down to Hollywood and demonstrated it. These half-skeptical visitors from the northland found first of all, a modern city, made and in-the-making, built up by its founder, Joseph W. Young, from virgin land and timberland, right in the choicest section of Florida's brilliant Southeast Coast. Few of them were prepared to find such a community as Hollywood; a community that conventional ideas had taught them to believe was given over in summer to tropical heat.

They found beautiful, brilliantly lighted coral streets, parks and parkways, bright business structures, schools and public buildings. They found a livable city with all the amusements, pleasures, and comforts of a seaside resort.

### \$250,000 Bathing Casino

There is much of what is best in every seaside watering place in the world, down at Hollywood; its beautiful hotels, its rainbow

72-hour cruise down the Atlantic coast. 60-hour ride back.

You dance at the beautiful Hollywood country club with its rainbow lighted floor, and automatically removable top.

You golf on the fine Hollywood links with their smooth fairways and carpeted greens.

hued villas, and finally its clean glistening beach, set with palm trees and graced with the most beautiful bathing casino in the United States.

This spacious, artistically designed and brilliantly colored bathing palace with large swimming pool, wading pool, and galleries for spectators looking out over the broad blue expanse of the Atlantic Ocean, is the rendezvous of this whole section of Florida. Here cool refreshing breezes rustle the fronds of the coconut palms. Here on holidays, thousands roll in the surf of the Atlantic, or idle on the silvery sand of the beach.

Hollywood is the gem of Florida's jewel shore. This wonderful Southeast Coast of Florida, in summer, autumn, winter, spring, is always the same in its charm of life; in its amusements, relaxations and restfulness.

### A Place to Live

Hollywood is a place to live; a place to enjoy life, modestly or luxuriously as you will.

You can do it all for the cost of \$150—every expense included. But the opportunity is wanting. Reservations are accepted in the order they are received.
